General Information

1. INTRODUCTION

This booklet aims to give students, parents and caregivers information about assessment for the Higher School Certificate Course.

Some students are already aware of the career path they wish to follow. Many students have not decided on a career and changing job demands will mean they may have to alter their career direction while still in training.

The NSW Education Standards Authority (NESA) has recognised these problems and is now giving students (age 15-19 years or more) the opportunity to complete their HSC over a period of up to 5 years.

2. REQUIREMENTS FOR THE HIGHER SCHOOL CERTIFICATE

The NESA has the power to award the credential titled "The Higher School Certificate". To be eligible for this award, students must comply with the entry requirements, course restrictions and rules and regulations established by the Board of Studies.

Eligibility requirements for the Higher School Certificate

To be eligible for the HSC, you must:

- Satisfactorily complete Years 9 and 10 or gain other qualifications that satisfy NESA
- Attend a government school, an accredited non-government school, a NESA recognised school outside NSW or a TAFE college.
- Complete HSC: All My Own Work (or its equivalent) before you submit any work for Preliminary or HSC courses, unless you are only entered for year 11 and year 12 Life Skills courses
- Satisfactorily complete courses in the patterns of study detailed below
- Sit for and make a serious attempt at the required HSC exams.

Pattern of study

To qualify for the Higher School Certificate Students must satisfactorily complete a Preliminary pattern of study comprising at least 12 units and an HSC pattern of study comprising at least 10 units. Both patterns must include:

- at least six units of Board Developed Courses
- at least two units of a Board Developed Course in English
- at least three courses of two-unit value or greater
- at least four subjects.

Accumulation of the Higher School Certificate

Students may accumulate HSC courses towards the Higher School Certificate over a period of up to five years. Preliminary courses may also be accumulated.

The five-year period is counted from the first year you satisfactorily complete an HSC course. It will apply regardless of whether you defer your studies for one or more years during the five-year period. Accumulation of HSC courses cannot extend beyond a five-year period.

The 5year option allows students access to a range of studies and means they can study full time or part time and deal with other choices, such as sporting careers, travel, working opportunities.

This opportunity establishes a number of Pathways each of which offer students access to a more flexible pattern of study that can result in the award of an HSC.

This booklet explains the requirements for the Year 11 Preliminary Courses. Each student who sits for the HSC must satisfactorily complete 12 Units of Preliminary Courses.

At the end of this Booklet is a checklist of Preliminary Course Requirements. You should make sure that you can meet all of these requirements.

3. SPECIAL PROVISIONS

If you have a medical condition which is an **ongoing disability** that will, in a normal examination situation prevent you from:

- (a) Reading and interpreting the examination questions and/or
- (b) Communicating knowledge or understanding to an examiner as effectively as a student without that disability.

You must see your Deputy Principal / Year Advisor / School Counsellor to obtain a form for "Special Provisions" <u>early Term 1</u>. If this condition occurs later in the year it must be registered with the Deputy Principal.

School Assessment Policy

4. INTRODUCTION

The Kingsgrove North High School Higher School Certificate Assessment Policy is designed to standardise procedures between subject areas and to give students and teachers a clear statement of their rights and responsibilities.

It is the responsibility of the school to communicate the assessment requirements to the students.

It is the responsibility of the students to meet the requirements and to make every effort to resolve problems and/or disputes.

Please read this policy carefully and make sure you understand it. All students must sign to acknowledge that they have received this booklet.

What is HSC assessment?

Assessment is the process of gathering information and making judgements about student achievement for a variety of purposes. In the Preliminary and HSC courses those purposes include:

- assisting student learning
- evaluating and improving teaching and learning programs
- providing evidence of satisfactory achievement and completion of a course
- provide information on student learning and progress in a course in relation to the syllabus outcomes
- report on the achievement by each student at the end of a course.

It is a requirement Preliminary/HSC school assessment program that for each course the school must establish a program of assessment tasks. These tasks are conducted throughout the preliminary year (Year 11) and then in Year 12. Each has a weighting determined by the school with guidelines provided by the Board of Studies.

The preliminary course commences in term 1 to term 3. From term 4 year 11 students will then commence Year 12 assessment tasks in all subjects. The tasks will determine each student's assessment mark which is a measure of each student's achievements relative to the performance of other students in the same course at KNHS.

The Higher School Certificate will show two marks for each course: the exam mark and a HSC moderated assessment mark.

Purpose of HSC Assessment

The purpose of school assessment for HSC students is to provide an indication of student achievement based on:

- a wider range of syllabus outcomes than may be measured by a single HSC exam; and
- multiple measures of observations made throughout the HSC, giving students credit for what they have achieved throughout their courses, in addition to their final exam.

Satisfactory Completion of Preliminary and Higher School Certificate courses.

Students are considered to have satisfactorily completed a course, in the Principal's view, there sufficient evidence that they have met the following criteria. They must have:

- followed the course developed by NESA
- **applied** themselves with due diligence and sustained effort to the tasks and experiences provided by the school, and
- achieved most or all of the course outcomes

indicators of possible failure for students to apply themselves and fulfil course requirements to the school's satisfaction include:

- an excessive rate and absences or lateness in a course;
- an excessive rate of absences or lateness to school;
- failure to submit assessment tasks;
- poor achievement caused by lack of application;
- failure to complete classwork and/or homework;
- proven case of copying, plagiarism or cheating.

If at any stage during the course it appears that a student is not meeting the course outcomes, a NESA pink warning letter will be sent home. The purpose of this letter is:

- to give students a warning in time to correct the area of concern and/or
- to clarify their current status regarding an unsatisfactory designation.

Where it is determined that a student has not satisfactorily completed a course, that student will not receive any results in that course.

NESA Website

It is recommended that all students access this Website. Students will be able to access syllabuses, past papers, sample responses and support material for all their courses. NESA website: http://educationstandards.nsw.edu.au/wps/portal/nesa/home

1. ASSESSMENT POLICY PROCEDURES – Student responsibilities

Expectations of students

Attendance

Students must attend all classes to satisfactorily complete the HSC course. A minimum of 85% attendance is generally expected for students to achieve the outcomes of the courses being studied.

Diligence

It is expected that students prepare for exams and make a serious attempt. Students must work with sustained effort and due diligence in all aspects of each course.

Syllabus requirements

It is expected that students complete the syllabus, including participation in class, practical work, oral presentations, homework, assignments and exams.

Sustained application

Students must make a genuine attempt at **ALL** assessment tasks. Failure to complete less than 50% of assessment tasks will result immediately in an 'N' Determination for that course.

Students who do not comply with assessment requirements will not have a moderated assessment mark or an Exam mark awarded. (ACE Manual NESA website)

Absence: Notification of assessment tasks

A minimum of two (2) weeks' notice will be given to students of coming tasks as published in this handbook. Students who are absent from class on the day that an **Assessment Task Notification is issued**, **must see the teacher to receive the notification**.

Procedures for students when absent from tasks

If a student is absent from school during the time an Assessment Task is to be done, the following procedures **must be followed**.

- 6.1 The student or a responsible adult MUST contact the school by telephone (9502 3933) or fax (9554 3907) or email or make a personal representation at the school, prior to the time designated for the start or receipt of the assessment task and notify the Course Coordinator or Head Teacher responsible for the course, of the student's inability to be present at that time.
- 6.2 IMMEDIATELY upon the student's first return to school, the student MUST present to the Course Co-ordinator or the Head Teacher responsible for the course, documentation supporting the legitimacy of the absence.
- 6.3 In the case of illness, the documentation should be in the form of a <u>Medical Practitioner's</u> <u>Certificate</u> which states the exact nature of the illness and the fact that the illness caused the student to be unfit for the task completion. Medical Certificates should not be back dated.
- 6.4 In the event of unavoidable but necessary delay, appropriate and acceptable documentary evidence justifying the extenuating circumstances, must be supplied. (See Rule 7.2 following).
- 6.5 In the case of immediate illness or misadventure at the time of performing any Assessment task, it is the responsibility of the student to obtain and complete and Illness/ Misadventure Form from the Head Teachers/ Deputy Principal. Again, when necessary, these forms must be accompanied by appropriate and acceptable documentation.
- 6.6 Medical Certificates will be expected **IMMEDIATELY UPON THE STUDENT'S RETURN**. Other forms of documentation would be preferred immediately upon the student's return, but will be expected as soon as possible and within what is considered reasonable time. The medical certificate must be attached to the Misadventure form which can be collected from either the Deputy Principal's or Head Teachers.

Completion of the missed task

- 7.1 It is the responsibility of the student immediately upon the first return to school, to contact the Course Co-ordinator or Head Teacher responsible for the task, in order to establish the time and location for the completion of the task requirements.
- 7.2 The student will complete any task or alternative task on the first appropriate occasion after returning to school. The time and location for the completion of the task will be determined by the Course Co-ordinator or the Head Teacher responsible for the task. The student will then be responsible for attending at that time and location in order to complete task requirements.
- 7.3 The nature, the format or even the need for a replacement or additional task will be the prerogative of the Course Co-ordinator or even the Principal. This could result in the original task being replaced with an estimate as occurs with students who enter a course late.

Medical Certificates

Medical certificates will be expected immediately upon the return of the student and attached to the **Illness/Misadventure form.** The medical certificate must:

- Be written on a named Doctor's pad;
- Include the date of the missed tasks;
- Should show the nature of the illness;
- State that the student is "**unable to complete the preliminary/HSC assessment Task**". It is the student's responsibility to bring this to the attention of the medical practitioner, **and**
- Show the length of time the student will be unfit for school.

N Award Warning letters

NESA warning letters are issued to students and their parents/caregivers if students are in danger of not meeting the Course Completion Criteria in any course. The NESA requires the school to issue official warning letters in order to give the student the opportunity to redeem themselves.

A **minimum of two course specific warnings** must be issued prior to the final "N" (non-completion) determination being made for the course.

The Illness/Misadventure process does not cover:

- Students who attend other organised functions, including sporting competitions, does not constitute cause for missing or postponing an assessment task. If attendance at such events is deemed necessary, it is the responsibility of the student to inform the Course Co-ordinator before the commencement of the assessment task and to arrange alternative processes in order to fulfil assessment requirements.
- Students who have an unauthorised absence (no valid explanation, no documents, etc.)
- Misreading the exam timetable and/or misreading of Exam instructions

Submission of assessment tasks

- All assessment tasks due on a particular day are to be **handed in by 8.45am**, **unless stated otherwise on the notification**, **on the due date**. Late tasks will receive ZERO unless stated otherwise on the task notification.
- In class assessments: Any student found to be absent from classes on the day when an in-class assessment occurs or arriving unduly late but in time for the class assessment will also receive ZERO marks.
- Any student deemed to have gained an advantage through any means will be referred to the Course Coordinator/Head Teacher who will consider what award will be given for the task (this could be zero).

- It is the responsibility of the student after an absence, or even during an extended absence, to determine if any tasks have been notified. Additional time will not be granted except in extenuating circumstances.
- Assessments are to be handed in, using the requested format by the faculty. The assessment checklist is to be submitted with the assessment.
- Any student who fails to submit or complete an assessment task will have her/his parents/guardians notified by letter. Four copies of the letter will be kept. Copies will be distributed to the: Subject Head Teacher; Supervising Deputy Principal; the individual student's records; the student's parents/guardians.

If the Illness/Misadventure Application is accepted

The Head Teacher of that course will do one of the following:

- arrange for an extension of time for submission.
- arrange for completion of the same task at a different time.
- arrange for the completion of an alternative task.
- arrange for an estimate (if authorised by the Principal).

If the Illness/Misadventure Application is NOT accepted:

The student will be awarded a zero mark and a NESA warning letter will be sent home to advise the parents/carers.

Students may appeal against the Head Teacher's decision by lodging an appeal form with the Principal within three (3) days of initial determination.

The principal may:

- Reject the appeal and order the zero to stand;
- Grant a limited extension;
- Order that a substitute task be performed;
- Award an estimate.

Procedures relating to Malpractice

All work presented in assessment tasks and external examinations (including submitted works and practical examinations) must be your own or must be acknowledged appropriately. Malpractice, including plagiarism, could lead to you receiving zero marks and will jeopardise your HSC results.

Malpractice is any activity that allows you to gain an unfair advantage over other students. It includes, but is not limited to:

- copying someone else's work in part or in whole, and presenting it as your own
- using material directly from books, journals, CDs or the internet without reference to the source
- building on the ideas of another person without reference to the source
- buying, stealing or borrowing another person's work and presenting it as your own
- submitting work to which another person, such as a parent, coach or subject expert, has contributed substantially
- using words, ideas, designs or the workmanship of others in practical and performance tasks without appropriate acknowledgement
- paying someone to write or prepare material
- breaching school examination rules
- using non-approved aids during an assessment task
- contriving false explanations to explain work not handed in by the due date
- assisting another student to engage in malpractice.

Rules and Procedures for HSC candidates

Should an assessment task be corrupted through malpractice, the Principal may deem it necessary to organize a substitute assessment task to ensure equity and fairness.

Malpractice, including plagiarism is cheating and a zero mark will be awarded. It will not be tolerated at Kingsgrove North High School.

Student behaviour during assessment tasks, including Exams

During assessment tasks students must behave in a way that does not distract other students from their work during the Task.

Disruption to the Assessment Task in any way will result in parents/guardians being informed of such attempts by letter.

A Zero will be awarded if any of the following behaviours are witnessed during an Assessment task including Exams:

- Cheating in any way
- Communicating with another student
- Takes notes or electronic devices such as mobile phones into the room or
- Makes a non-serious attempt.

Teacher absence when assessment is due.

If the class teacher is absent on the day an assessment task is due for submission then the student must hand the task to the appropriate Head Teacher (or her/his representative if she/he or the class teacher is absent) and collect a receipt.

If a teacher is absent on the day for which an assessment task is set, the Head Teacher or her/ his representative will make every endeavour to ensure the task is given. If this is not possible the task will be postponed until a new date can be determined and set.

Disputes and their resolution

Disputes regarding assessments should be resolved as soon as possible and must be notified to the Course Co-ordinator within one (1) week of the assessment result being announced. If necessary, the process for resolution, in order, should be:

- The class teacher concerned.
- The Head Teacher of the subject.
- The Student Adviser.
- The School Assessment Review Panel (for a final decision).

Students may not dispute the type and nature of assessment tasks or the teacher's professional judgement relating to the allocation of marks for tasks.

Areas for potential dispute could be:

- Failing to notify that a task is assessable.
- Not including a notified task in the assessment marks.

Student(s) gaining an unfair advantage as a result of cheating, prior knowledge or unauthorised time extension.

Students transferring from another school will begin their assessments upon arriving at this school. Any students involved in exchange programs will also commence their assessment upon their return.

Where a student repeats or transfers from another school during the assessment process, the following procedure will be used to calculate the student's assessment mark:

- Total the marks for all tasks completed from the student's arrival using the weightings in the Course Assessment Policy.
- Find the new student's rank from this total.
- Total the marks for the whole assessment program across the Preliminary course excluding the new student. Rank the rest of the students on this total using the weightings as documented.
- Assign the student a mark based on the rank calculated in Step 31.2

Review of Assessments

Students will be informed of their results for all tasks but must be aware that most tasks are not necessarily marked according to the mark value shown in the subject assessment summary information. For example, a task with an assessment schedule marks value of "10" could be marked out of "20" marks. Students should be concerned more with their ranking within the school's subject group and the relative difference between their own and other students' assessments rather than with numerical marks.

It is also possible to have an assessment reviewed if the student believes the school did not follow procedures similar to those indicated in the published Assessment Program for that subject, or where clerical errors in the determination of the Assessment Mark have occurred. Any review of an assessment must be resolved within three (3) weeks of the notification of the assessment result.

Reviews will **NOT** involve consideration of any teacher's assessment of the value of a student's work in any of the tasks on which assessment has been based.

The Review Panel

The composition of the School Assessment Review Panel will be as follows:

- Principal
- The supervising Deputy Principal
- The Year Advisor
- Two (2) Head Teachers

Five (5) will be available with a minimum of only three (3) to meet and sit on any review.

2. ILLNESS/MISADVENTURE APPEAL

N Award – Non-Completion of a Year 12 HSC Course – SUBJECT

Dear Mr _____ & Mrs _____

I am writing to advise that your child **(student name)** is in danger of not meeting the Course Completion Criteria for the **(subject name)** Course.

Course Completion Criteria

Where it is determined that a student has not met the Course Completion Criteria, they place themselves at risk of receiving an "N" (non-completion of course) determination. An 'N" determination will mean that the courser will not be listed on the student's Record of Achievement. It may also mean that the student is unable to proceed to the HSC course as he/she has not satisfactorily completed the Preliminary Course.

The satisfactory completion of a course requires principals to have sufficient evidence that the student has:

- a) Followed the course developed or endorsed by the NESA; and
- b) Applied themselves with diligence and sustained effort to the set tasks and experience provided in the Course by the School; and
- c) Achieved some or all of the outcomes.

The NESA requires schools to issue students with official warnings in order to give them the opportunity to redeem themselves.

A Total of 1 official warning(s) have been issued concerning **{student name}**'s participation in **{subject name}**.

A minimum of two course specific warnings must be issued prior to a final "N" Determination being made for a course.

Where it is determined that a student has not met the Course Completion criteria, they place themselves at risk of receiving an "N: (Non-Completion of course) determination. An "N "determination will mean that the course will not be listed on **{student name}**'s Record of Achievement. It may also mean that **{student name}** is unable to Quality for the HSC as he/she has not satisfactorily completed the Preliminary Course.

Please discuss the matter with **{student name}** and contact the school if further information or clarification is needed.

Yours sincerely

The following table lists those tasks, requirements or outcomes not yet completed or achieved, and/or for which a genuine attempt has not been made. In order for {student name} to satisfy the course completion criteria, the following tasks, requirements or outcomes need to be satisfactorily completed.

| Task Name/Course Requirement/Course Outcomes | Percentage Weighting | Date Task Initially Due | Action required by Student | Date to be completed by |
|--|-------------------------|----------------------------|---|-------------------------|
| Eg Attendance and particpations0) | | Eg 13/02/20 | Attend & participate in all lessons | 27/02/2020 |

.....

SIGN & DATE THE FOLLOWING AND RETURN TO THE HEAD TEACHER WHO SIGNED THE LETTER N Award – Non-Completion of a Year 12 HSC/Preliminary Course - {subject name}.

I have received the letter date 01/03/20____ indicating that {student name} is in danger of not having satisfactorily completed {subject name}.

I am aware that the "N" determination may make {student name} ineligible to proceed to the higher School Certificate course.

I am also aware that this course may not appear on his Preliminary Course record of Achievement.

Scope and Sequence: English Advanced – Year 11 2021

| | Week 1 | Week 2 | Week 3 | Week 4 | Week 5 | Week 6 | Week 7 | Week 8 | Week 9 | Week 10 |
|--------|--|------------------|-------------------|------------------|--------------------|-----------------|--------|--|--|-----------------------------------|
| Term 1 | Reading to Write Students undertake the intensive and close reading of quality texts form a variety of modes and media. They develop the skills and knowledge necessary to appreciate, understand, analyse and evaluate how and why texts complex ideas, relationships, endeavors and scenarios. | | | | | | | | | cessary to |
| | Outcomes: EA11-1, EA11-2, EN11-5, EN11-9 | | | | | | | | | |
| | Assessment Task | : Term 1, Week | 10 – (Multimodal) | Imaginative tex | kt and reflection- | - Weighting 30% | | | | |
| | Week 1 | Week 2 | Week 3 | Week 4 | Week 5 | Week 6 | Week 7 | Week 8 | Week 9 | Week 10 |
| Term 2 | Through a close will analyse their | r own engagem | ith multimodal te | nd active partic | | | | | ltiple platforms an nip between texts | nd media. They adds complexity |
| | Outcomes: EA1 | 1-4, EA11-3, EA1 | 1-6, EA11-7 | | | | | | | |
| | Assessment Task | : Term 2, Week | 10 - In Class Com | parative Essay - | Weighting 30% | | | | | |
| | Week 1 | Week 2 | Week 3 | Week 4 | Week 5 | Week 6 | Week 7 | Week 8 | Week 9 | Week 10 |
| e | Critical Study of Literature This module students will conduct a close reading of a text and evaluate its literary value. | | | | | | | | Yearly Examination | |
| Term | | | | | | | | All modules assessed | | |
| | | | | | | | | Outcomes EN11-1, EN11-2, EN11-5, EN11-8 | | |
| | Assessment Task: Term 3, Week 9 | | | | | | | | - Weighting 40% | |

Stage 6 Preliminary - English Standard

| | Syllabus Weighting | TASK 1 Term 1, Week 10 2021 | TASK 2 Term 2, Week 10 2021 | TASK 3 Term 3, Week 9-10 2021 |
|---|-----------------------|---|--|--|
| Type of task Assessment Component | | Reading to Write Imaginative text and reflection (multimodal) | Contemporary Possibilities Essay | Examination |
| Knowledge and understanding of the course content | 50% | 15% | 15% | 20% |
| Skills in responding to texts and communication of ideas appropriate to audience, purpose and context across all modes | 50% | 15% | 15% | 20% |
| Outcomes | | EN11-1, EN11-4, EN11-5 EN11-9 | EN11-2, EN11-3, EN11-5, EN11-6, | EN11-1, EN11-3, EN11-7, EN11- 8 |
| TOTAL | 100% | 30% | 30% | 40% |

| EN11-1 | responds to and composes increasingly complex texts for understanding, interpretation, analysis, imaginative expression and pleasure | EN11-5 | thinks imaginatively, creatively, interpretively and analytically to respond to and compose texts that include considered and detailed information, ideas and arguments |
|--------|---|--------|---|
| EN11-2 | • | EN11-6 | investigates and explains the relationships between texts |
| | effectively respond to and compose texts in different modes, media and technologies | EN11-7 | understands and explains the diverse ways texts can represent personal and public worlds |
| EN11-3 | analyses and uses language forms, features and structures of texts, considers appropriateness for purpose, audience and | EN11-8 | identifies and explains cultural assumptions in texts and their effects on meaning |
| EN11-4 | context and explains effects on meaning applies knowledge, skills and understanding of language concepts and literary devices into new and different contexts | EN11-9 | reflects on, assesses and monitors own learning and develops individual and collaborative processes to become an independent learner |

Course Information

Vocational Education and Training (VET)

The VET Curriculum frameworks are based on Industry training packages. The courses from these frameworks are NESA Developed and provided students study the 240 hour course and undertake optional written HSC examination, they may contribute to the ATAR. They are all Category B subjects

Assessment

Assessment for the Higher School Certificate VET Courses within Industry Curriculum Frameworks has two distinct purposes:

- 1. Assessment for Australian Qualification Framework (AQF) VET qualifications competency based assessment.
- 2. Assessment for the NESA Higher School Certificate that may include the optional HSC examination for the Australian Tertiary Admission Rate (ATAR).

AQF Certification

VET Courses are competency based. This means that students work to develop the competencies, skills and knowledge described in each Unit of Competency. To be assessed as competent a student must demonstrate to a qualified assessor that they can effectively carry out the various tasks and combinations of tasks listed to the standard required in the appropriate industry. There is no mark awarded in competency based assessment. Students are assessed as either "competent' or 'not yet competent' in individual Units of Competency. Competency based assessment determines the vocational qualification that a student will receive. VET COURSES ARE ASSESSED AS A CLUSTER TASK OVER A PERIOD OF TIME.

NESA REQUIREMENTS

Students undertaking a VET course must meet the requirements of the NESA for the award of the Higher School Certificate along with the requirements of the AQF for the award of a certificate or statement of attainment.

The NESA has mandated work placement as a requirement of the HSC. Students must achieve the hours of work placement required for the course undertaken. They are required to complete a minimum of 35 hours of mandatory work placement for each 2 Units of a VET curriculum framework course studies. For a 240 hour course (2yrs x2units) this would equate to 70 hours work placement.

The rules and processes related to an 'N' award for a NESA Developed Course and a NESA Endorsed Course are applicable to students undertaking a VET course. More information can be found in the Assessment, Certification and Examination (ACE) manual.

ULTIMO RTO 90072 VET COURSE ASSESSMENT SCHEDULES

Preliminary 2021 – HSC 2022

Vocational Education and Training (VET) Courses

Vocational Education and Training (VET) courses are offered as part of the Higher School Certificate (HSC) or Record of School Achievement (RoSA). VET courses are designed to deliver workplace-specific skills and knowledge and cover a wide range of careers and industries. VET courses for secondary students are developed by NSW Educational Standards Authority (NESA) and are based on national training packages.

VET courses allow students to gain both HSC or RoSA qualifications and a national qualification or a statement of attainment recognised throughout Australia as part of the Australian Qualification Framework (AQF). These qualifications are widely recognised by industry, employers and tertiary training providers and universities and will assist students to progress to various education and training sectors and employment.

Public Schools NSW, Ultimo is accredited as a Registered Training Organisation (RTO 90072) to deliver and assess VET qualifications to secondary students.

It is mandatory for all students studying a VET course to create a Unique Student Identifier (USI) upon enrolment. Students will require a form of identification for the creation of the USI. Examples include a Medicare Card, Australian Birth Certificate, Driver's License or a valid Passport.

Competency-based training is based on performance standards that have been set by industry. Assessment in all VET courses is competency based. The student is assessed on what they can do (the skills) and what they know (the knowledge) that will equip them in the workplace. Students are either deemed "competent" or "not yet competent" by the teacher. Students who have successfully achieved competency will have the skills and knowledge to complete workplace activities in a range of different situations and environments, to an industry standard of performance expected in the workplace.

Competency-based assessment materials are designed to ensure each learner has achieved all the outcomes (skills and knowledge) to the level expected in the qualification. Students in VET courses must be able to demonstrate competence regardless of disability. Students will receive documentation showing any competencies achieved for the VET course undertaken.

If the student has already completed part of the course elsewhere, or have previous life or work experience in the relevant industry, he or she may be eligible for Recognition of Prior Learning (RPL) for part of the course, or for 35 Hours work placement in the HSC course. The student does not have to repeat the training or assessment but must produce evidence of competence (which may be demonstrated during a skills and knowledge assessment). The VET committee consisting of the VET teacher, VET Coordinator and a member of the senior executive will determine if the student is eligible.

If a student has completed a unit of competency with another RTO and the student can supply evidence of the same or an equivalent competency, credit transfer is awarded (common examples include a white card course, first aid certificate or a barista course).

Due to the specific requirements of a VET course it is recommended students speak to the VET Coordinator or Careers Adviser before choosing the course to ensure they are fully aware of the requirements.

Use the following table as a guide to the appropriate outcome to record for each student:

| NESA Outcome | NCVER Outcome | Explanation (source: AVETMISS Data Elements definitions, Edition 2.2 April 2013) |
|---|---|---|
| Achieved | Competency achieved / pass | Student has been assessed and satisfies all the requirements for the unit of competency |
| Not Achieved Competency not achieved / fail | | Student has attempted all requirements for the assessment and has been assessed as not competent in one or more of the requirements of the competency |
| Continuing | Continuing enrolment | The student has engaged in learning activity, but has not completed all the training and assessment criteria by the end of the collection period |
| Withdrawn | Withdrawn / discontinued | (a) The student has engaged in some learning activity, then notified the RTO of their withdrawal before completing all of the assessment criteria (b) The student has engaged in some learning activity then stopped attending or submitting assessments without notifying the RTO |
| RPL | Recognition of Prior Learning Granted | The student has been assessed and RPL has been granted |
| Credit Transfer | Credit transfer / National Recognition | The student can supply evidence of the same or an equivalent competency, and credit transfer is awarded. This is used where there is no delivery of training or assessment of the student's knowledge. |
| Did Not Start | NIL | Student was enrolled in the unit of competency, but no training or assessment occurred. WILL NOT BE REPORTED OR APPEAR ON THE USI |

6. THE REQUIREMENTS OF THE EDUCATION ACT 1990 IN RELATION TO THE NEW SOUTH WALES HIGHER SCHOOL CERTIFICATE

Higher School Certificate - section 95

Higher school Certificates are granted by the NESA to students who:

- a) Have been granted a school certificate, or who have attained such other qualifications as the NESA considers satisfactory; and
- b) Have attended a government school, or registered non-government school too which a current certificate of accreditation applies, or school outside New South Wales recognised by the NESA, or a TAFE establishment within the meaning of the Technical and Further Education Commission Act 1990; and
- c) Have participated, to the NESA's satisfaction, in courses of study which have been determined under this Act as appropriate to be undertaken by candidates for the Higher School Certificate; and
- d) Have been accepted by the NESA as having satisfactorily completed those courses of study; and
- e) Have, to the NESA's satisfaction, undertaken the requisite examinations or other forms of assessment; and

f) Have complied with any requirements prescribed by the regulations or any requirements imposed by the Minister or the NESA.

The NESA may refuse to grant a Higher School Certificate to a student whose attendance or application at school has been of unsatisfactory character that the grant of the certificate would not, in the opinion of the NESA, be justified.

Curriculum for Higher School Certificate candidates – section 12

The curriculum during Year 11 and year 12 for students who are candidates for the Higher School Certificate must meet the following requirements:

- a) Courses of study of a general description determined by the Minister on the recommendation of the NESA are to be provided for each student in each Year,
- b) Those courses of study are to include a course of study in English
- c) Those courses of study are to comply with a pattern of study determined by the Minister on the recommendation of the NESA
- d) Those courses of study are to be taught in accordance with a syllabus developed or endorsed by the NESA and approved by the Minister.

These requirements are articulated in Attachment 2.

7. PATTERN OF STUDY REQUIEMENTS CHECKLIST FOR THE 2020 HIGHER SCHOOL CERTIFICATE

| Do your students who complete the Higher School Certificate in 2019 meet the following pattern of study requirements |
|--|
| At least 12 units of Preliminary courses and 10 units of HSC courses |
| At least 2 units of a NESA developed Course in English – at both Preliminary and HSC level |
| At least 4 subjects – at both Preliminary and HSC level |
| At least 6 units of NESA developed Courses - at both Preliminary and HSC level |
| At least 3 courses of 2unit value or greater (NESA Developed and /or NESA Endorsed Courses) - at both Preliminary and HSC level |
| A maximum of 6 Preliminary units and 6 HSC units from courses in Science [Ref: ACE Manual, Dec. 2005, Section 8.3.1.4, p.88] |
| In the Preliminary study pattern, Senior Science cannot be studied in combination with Biology, Chemistry, Earth and Environmental Science or Physics. In the HSC study pattern, Senior Science can be studied in combination with Biology, Chemistry, Earth and Environmental Science or Physics. Students undertaking Senior Science in the HSC study pattern must have satisfactorily completed the Preliminary Course in at least one Science course [Ref: ACE Manual, Dec. 2005, Section 8.3.1.4, p.88] |
| Met eligibility requirements for the English (ESL) course [Ref: ACE Manual, Dec. 2005, Section 8.2.2.1, p84] |
| Met eligibility requirements for Continuers courses in languages where there are Background Speakers courses [Ref: ACE Manual, Dec. 2005, Section 8.2.2.2, p. 84-86] |
| Met eligibility requirements for Beginners courses in languages where there are Background Speakers courses [Ref: ACE Manual, Dec. 2005, Section 8.2.2.2, p. 86] |
| NESA Endorsed Courses have current endorsement |
| Students are not enrolled in any NESA Developed Course, NESA Endorsed Course, TAFE delivered VET HSC Course or NESA Endorsed Course combinations which are subject to NESA exclusions. {for exclusions, please see ACE Manual [Dec. 2005, Section 8.3, p. 87-90, PLUS also check your school BEC decision letters or check for BEC decisions via Schools Online.] |
| REMINDERS |
| Students seeking an ATAR (Australian Tertiary Admission Index) in 2016 must complete at least 10 units of NESA Developed Courses for which there are formal examinations conducted by the NESA of Studies, including (a) at least 2 units of English, and (b) at least 3 units of Category A courses. Courses completed must include at least three NESA Developed Courses of 2 units or greater and at least four subjects. NB: NESA Endorsed Courses and Content Endorsed Courses, including vocational Content Endorsed Courses, do not satisfy requirements for an ATAR. |
| Schools should note that additional Departmental curriculum requirements (e.g. sport, religious education, 25 hours of PDHPE etc) or conditions of enrolment at individual schools are not requirements for Higher School Certificate credentialing as determined by the NES, of Studies as the statutory Higher School Certificate credentialing authority. |
| Schools will need to ensure that NESA requirements are met in cases of accumulation, acceleration, repeating, recognition of prior learning and in any cases on non-completion of course requirements. [Please refer to ACE Manual, Dec. 2005, Section 8 for details.] |
| Students with special education needs can meet the requirements for the award of the Higher School Certificate by undertaking a combination of NESA Developed Courses, NES/ Endorsed Courses and /or Stage 6 Life Skills Courses. Principals will be required to certify on the Preliminary and HSC entry forms that enrolment of a student in any Life Skills Course for Stage 6 is the result of a planning process that addresses the student's transition from school to adult life. [Please refer to the ACE Manual, Dec. 2005, Section 7, p. 73-77] |

Syllabus outcomes, objectives, performance bands and examination questions have key words that state what students are expected to be able to do. A glossary of key words has been developed to help provide a common language and consistent meaning in the Higher School Certificate documents.

Using the glossary will help teachers and students understand what is expected in responses to examinations and assessment tasks.

| Account | Account for: state reasons for, report on. Give an account of, narrate a series of events or transactions. |
|-------------|--|
| Analyse | Identify components and the relationship between them; draw out and relate implications. |
| Apply | Use, utilise, employ in a particular situation. |
| Appreciate | Make a judgement about the value of. |
| Assess | Make a judgement of value, quality, outcomes, results or size. |
| Calculate | Ascertain/determine from given facts, figures or information. |
| Clarify | Make clear or plain. |
| Classify | Arrange or include in classes/categories. |
| Compare | Show how things are similar or different. |
| Construct | Make; build; put together items or arguments. |
| Contrast | Show how things are different or opposite. |
| Critically | Add a degree or level of accuracy depth, knowledge and |
| , | understanding, (analyse/logic, questioning, reflection and quality to |
| | (analysis/evaluation) evaluate. |
| Deduce | Draw conclusions. |
| Define | State meaning and identify essential qualities. |
| Demonstrate | Show by example. |
| Describe | Provide characteristics and features. |
| Discuss | Identify issues and provide points for and/or against. |
| Distinguish | Recognise or note/indicate as being distinct or different from; to note |
| - | differences between. |
| Evaluate | Make a judgement based on criteria; determine the value of. |
| Examine | Inquire into. |
| Explain | Relate cause and effect; make the relationships between things |
| | evident; provide why and/or why. |
| Extract | Choose relevant and/or appropriate details. |
| Extrapolate | Infer from what is known. |
| Identify | Recognise and name. |
| Interpret | Draw meaning from. |
| Investigate | Plan, inquire into and draw conclusions about. |
| Justify | Support an argument or conclusion. |
| Outline | Sketch in general terms; indicate the main features of. |
| Predict | Suggest what may happen based on available information. |
| Propose | Put forward (for example a point of view, idea, argument, suggestion) |
| | for consideration or action. |
| Recall | Present remembered ideas, facts or experiences. |
| Recommend | Provide reasons in favour. |
| Recount | Retell a series of events. |
| Summarise | Express, concisely, the relevant details. |
| Synthesise | Putting together various elements to make a whole. |
| | |
