MESSAGE FROM THE PRINCIPAL

On behalf of everyone at Kingsgrove North High School, I extend a very warm welcome to all Year 11 students and parents as we embark together on the next exciting stage of the journey towards the 2024 NSW Higher School Certificate.

As those who have previously undertaken Stage 6 would say, there is a very high academic workload and much greater expectations than in the junior school, yet the next two years can be the most rewarding and satisfying time of your high school career.

In Year 11, you will have the opportunity to build upon the skills you have already developed and further refine your leadership and organisational skills as you engage in a range of cultural, sporting and other school experiences. Involvement in these activities is an important means by which you can ensure that you maintain a balanced life that is not solely focussed on your academic studies. You will also be expected to be an excellent role model for other students by being a good school citizen and demonstrating the maturity expected of senior students.

All teachers will have a strong expectation that you will apply yourself diligently at all times in each of your classes. This includes completing all assessment tasks in accordance with the NSW Education Standards Authority (NESA), as well as school requirements. Submission of tasks must meet deadlines set and, to achieve this, you will need to be highly organised in the way you manage your time. They will also provide you with a valuable means of gaining feedback on your performance as you work towards meeting Year 11 course requirements.

It is very important to note that all assessment tasks in Year 11 are compulsory, and students will not be permitted to progress to the HSC year until they have completed all NESA requirements for all courses studied.

You should remember that in the HSC courses, which you will commence at the start of Term 4, assessment tasks are worth 50% of your final HSC mark, and this will obviously provide you with the opportunity to gain marks before the HSC examinations by working consistently and with sustained effort.

It is important that all students and parents thoroughly read the following pages in this assessment handbook as they provide details about the specific assessment requirements of NESA and the school for each Year 11 course. It is an exciting and sometimes worrying time but at Kingsgrove North High School, we have set up systems and support to give you the capacity to do your best.

Angelo Stasos Principal

Preamble

The purpose of this, the *Year 11 Assessment Handbook*, is to communicate the policies, procedures and rules in relation to internal assessment in Stage 6 at Kingsgrove North High School. It seeks to provide contextual clarification of the rules and processes specified by the *NSW Education Standards Authority* (hereby referred to as NESA). This handbook also contains the assessment schedule for all Year 12 courses at Kingsgrove North High School. It expands upon the General Information about the HSC provided in the *Stage 6 Subject Selection Booklet*.

At the commencement of both the Year 11 and HSC (Year 12) courses, students will be provided with a hard copy of this handbook. Updated versions are accessible on the <u>school's website</u>, as are the forms referred to in this handbook.

General Information about the HSC

The Higher School Certificate (HSC) is the highest educational credential in New South Wales schools. It is awarded to NSW students who have satisfactorily completed Years 11 and 12 at secondary school. To be eligible, students must meet both Year 11 and HSC course requirements and sit the state-wide HSC examinations. The HSC is an internationally recognised credential that provides a strong foundation for students wishing to pursue tertiary qualifications, vocational training or employment.

Eligibility

The rules and requirements for HSC eligibility are governed by NESA and are published in the Assessment, Certification and Examination (ACE) Manual. To be eligible for the HSC, students must:

- meet the HSC minimum standard in Literacy and Numeracy
- satisfactorily complete Years 9 and 10 or gain other qualifications that satisfy NESA
- attend a government school, an accredited non-government school, a NESA-recognised school outside NSW, or a TAFE college
- complete <u>HSC: All My Own Work</u> (or its equivalent) before submitting any work for Year 11 or HSC courses, unless a student is only entered for Year 11 and Year 12 Life Skills courses
- satisfactorily complete courses in the patterns of study that are detailed in the following section
- sit for and make a serious attempt at the required HSC exams.

Pattern of Study

To qualify for the HSC, a student must satisfactorily complete:

- a Year 11 pattern of study that includes at least 12 units
- a HSC pattern of study that includes at least 10 units.

Both patterns of study must include:

- · at least 6 units from Board Developed Courses
- at least 2 units of a Board Developed Course in English, or English Studies
- at least 3 courses of 2 units value or greater (either Board Developed or Board Endorsed Courses)
- at least 4 subjects.

HSC Record of Achievement

HSC results are available in the <u>Students Online</u> account and sent to students by email and SMS in December. Students can also download and print their full credentials from Students Online in December. Hard copies of the testamur (certificate) are sent in the mail in January the following year. Samples can be viewed on NESA's HSC Credentials page.

The first page of the Record of Achievement will list your results in each HSC course you completed. For Board Developed Courses with an external HSC exam, these results will report your achievement against standards that clearly describe your level of knowledge, skills and understanding. These reports will show you:

- the performance bands
- what a typical student knows and can do at each achievement level
- a graph of the mark distribution for the course.

If you are not eligible for an HSC and are leaving school, you may still receive a Record of School Achievement (hereby referred to as RoSA). Your RoSA will show your results in all Year 10, 11 and 12 courses that you completed. If you are not eligible for a RoSA, you will receive a Transcript of Study listing your results.

Performance Bands

Student performance in each HSC course is measured against defined standards. HSC marks for each course are divided into bands and each band aligns with a description of a typical performance by a student within that mark range. The <u>performance bands</u> and descriptions give meaning to the HSC mark. For a 2-unit course, Band 6 indicates the highest level of performance, and the minimum standard expected is 50:

90 - 100 marks Band 6 = Band 5 =80 -89 marks Band 4 = 70 -79 marks Band 3 =60 -69 marks Band 2 = 50 -59 marks Band 1 =0 -49 marks

Each band is aligned to what a student at that level of performance typically knows, understands and can do. The 'average' performance in most courses is usually a mark in the mid-70s (Band 4). Band 1 indicates that a student has not met enough of the course outcomes for a report to be made. Band 1 includes marks ranging from 0 to 49. For an Extension course, the bands are E4 (highest level of performance) to E1.

HSC Minimum Standards

Students need to meet a minimum standard of literacy and numeracy to receive the HSC. Literacy and numeracy skills are key for success in everyday life. Achieving the HSC minimum standard means students will have the level of skills necessary for success after school.

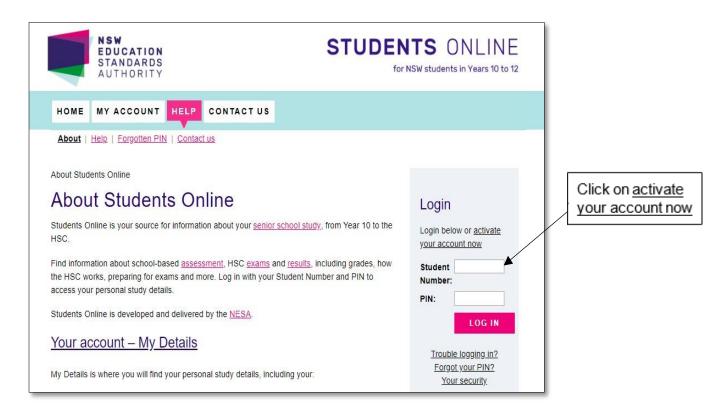

Students show they have met the HSC minimum standard by passing <u>online tests</u> of basic reading, writing and numeracy skills needed for everyday tasks. The minimum standard online tests are not based on NAPLAN.

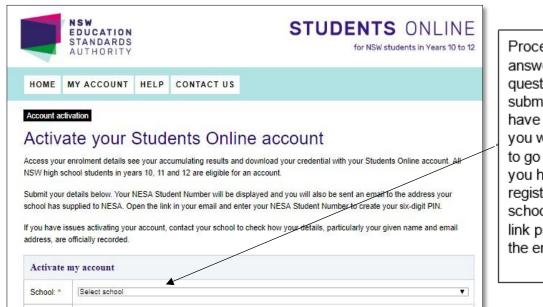

Students master basic skills at different stages so there are multiple opportunities available for students to <u>understand what to expect</u> and pass the minimum standard online tests, from Year 10 until a few years after Year 12. Some students will be <u>eligible for disability provisions for the minimum standards tests, or an exemption from the HSC minimum standard requirement.</u>

Students Online

<u>Students Online</u> provides students in Years 10, 11 and 12 with useful information about senior school study, particularly on assessment, examinations and results, and how the HSC works. Year 10, 11 and 12 students in NSW are eligible for a *Students Online* account. The email address students have provided to NESA through their Confirmation of Entry along with the NESA Student Number are needed to activate the account.

Go to https://studentsonline.nesa.nsw.edu.au

Proceed to answer all the questions and submit. Once you have done this you will be asked to go to the email you have registered at your school. Click the link provided in the email.

If there are any difficulties, refer to the <u>Help and advice using Students Online</u> page or see the Deputy Principal.

Disability Provisions

<u>Disability provisions</u> are approved by NESA to provide students who have a permanent or temporary disability with practical support in the Higher School Certificate examinations. Regardless of the nature of the disability, the provisions granted will be solely determined by the implications for the student's functioning in an examination situation.

Schools are responsible for any decisions made at school level to offer provisions to students with a disability in course work, assessment tasks and in-school tests. NESA can offer no guarantee that school-determined provisions will apply in the Higher School Certificate examinations, as each application is individually assessed to ensure consistency and equity.

To apply for provisions, schools must submit an online application to NESA through *Schools Online*. This application tells us which provision/s a student is requesting and includes recent evidence. Evidence may include medical reports, reading results, spelling results, writing samples and teacher comments. Decisions on applications will be communicated to the school through *Schools Online* and the school will communicate this decision to the student.

Students and parents/caregivers are strongly advised to consult the <u>NESA website</u> for more information about Disability Provisions.

Assessment

Formal Assessment

Formal assessment tasks are those that students undertake as part of the school-based assessment program. Some examples of task types considered appropriate for formal assessment in Stage 6 include, but are not limited to presentations, reports, practical work, portfolios, journals, log books, process diaries, tests, compositions and formal written examinations.

Responsibilities of the School

The school is responsible for providing:

- students with the *Year 11 Assessment Handbook*, which details the procedures and expectations of the school, its staff and students with regard to assessment in Stage 6
- students with Year 11 Assessment Schedules (found in the Year 11 Assessment Handbook)
 for all courses that outline which components are to be assessed, when the assessment tasks
 are scheduled and the relative weighting that applies to each assessment task
- NESA with an assessment of students' achievement in each course they have studied in Year
 11 and Year 12
- appropriate reporting procedures
- a review/appeals procedure for candidates dissatisfied with their final ranking, or for disputes arising during the assessment program
- special consideration to students with a disability and others with special needs following endorsement by the Principal.

Faculty Head Teachers are responsible for:

- setting assessment tasks that:
 - o will be used to measure student performance in each component of a course
 - are effective at discriminating between students' achievement of outcomes in order to determine assessment rank
 - specify a mark/weighting for each assessment task
 - are of the same type and have the same weighting for all classes studying that course.
- providing students with a written assessment notification for each assessment task that
 contains a more detailed explanation of the specific nature of the task. This notification will be
 issued at least two weeks in advance. In exceptional circumstances, the school may
 reschedule or substitute an assessment task with the written approval of the Principal. In such
 cases, teachers will inform students of the new arrangements, in writing, at least two weeks in
 advance.
- maintaining a register for all assessment tasks that acknowledges the receipt of the assessment notification (by the student), submission of the assessment task (by the teacher), and the return of the assessment task (by the student).
- providing students with assessment task feedback at the completion of each task, which includes a mark or grade, rank (if applicable), detailed marking criteria and written feedback.
- establishing procedures for recording and reporting student performance on all assessment tasks.
- issuing official NESA Non-Completion of a Course Warning Letters to students and parents/caregivers outlining the areas of unsatisfactory completion of the Year 11 and/or Year 12 course requirements. The Deputy Principal will also be notified.
- ensuring that final cumulative school-based assessment marks are not provided to students and that students are aware that they can access their Assessment Rank Order Notice after the last HSC examination has occurred.

Responsibilities of the Student

Students are responsible for:

- being familiar with the procedures and course information contained in the Year 11 Assessment Handbook.
- attending classes regularly and ensuring their attendance enables them to achieve course outcomes.
- demonstrating sustained diligence and effort in each subject and participating in all lessons constructively.
- making a serious attempt at all assessment tasks and completing all other set tasks in order to achieve course outcomes.
- ensuring when they are absent from school that they know it is their responsibility to know what work has been missed and how to complete that work.
- ensuring when absent from school on the day an assessment task notification is issued that
 they know it is their responsibility to contact their teacher and/or the relevant Faculty Head
 Teacher to obtain the task notification. No extension or leave will be granted if a student fails
 to carry out this action.
- speaking with their teacher or the relevant Faculty Head Teacher for clarification about the requirements of the subject/course assessment program.
- being present for, or to hand in, all assessment tasks at the required time as specified in the assessment notification, assessment booklet and the assessment calendar.
- submitting work that is their own. Any material copied without acknowledgment of the original source will be regarded as plagiarism and penalties will be imposed.

Completion of School-Based Assessment

Students are advised of the following NESA Assessment Certification Examination (ACE) policies:

ACE 8073: Completion of HSC internal assessment tasks

NESA expects students to attempt all assessment tasks set. For all *Board Developed Courses* (except VET and Life Skills courses) NESA requires all students to follow an assessment program and have an assessment mark submitted. A student who does not comply with the assessment requirements and receives a **non-completion determination** in a course will have neither an assessment mark nor an examination mark awarded for that course. In the case of extension courses, students who do not comply with the minimum assessment requirements for a co-requisite course will not receive a result in either course.

ACE 8078: Non-completion of HSC internal assessment: failure to submit task

If a student fails to complete a task specified in the assessment program and the teacher considers the student has a valid reason (e.g. illness or endorsed leave), the Principal may decide that, in accordance with the school's assessment policy, an extension of time may be granted or a mark may be awarded based on a substitute task. In exceptional circumstances (e.g. where undertaking a substitute task is not feasible or reasonable, or where the missed task is difficult to duplicate), the Principal may authorise the use of an estimate based on other appropriate evidence. If there is no valid reason for failing to complete an assessment task, a **zero mark** must be recorded for that task. If a student's attempt at a particular task scores zero, the question of whether the attempt was a genuine one is a matter for the teacher's professional judgement.

ACE 8079: Non-completion of HSC internal assessment: principals must warn students

If it appears that a student is at risk of not meeting the internal assessment requirements in a course, a warning must be given. The Principal must:

- a. advise the student in writing, in time for the problem to be corrected, specifying details of action required by the student and alerting the student to the possible consequences of a noncompletion ('N') determination.
- b. advise the parent or guardian in writing if the student is under 18.
- c. request from the student and/or parent/guardian a written acknowledgement of the warning.
- d. issue at least one follow-up warning letter (if the student is still at risk of not meeting requirements).
- e. retain a copy of the warning notice and other relevant documentation.

Notification of Assessment Tasks

Students will be notified in writing of the specific details of an assessment task **at least two weeks** prior to the task. The written notification of each task must include:

- the date and time of the task and/or when the task is due.
- · outcomes assessed.
- description of the nature of the task.
- task weighting.
- marking criteria/information about how the task will be assessed and how feedback will be provided.

Students are responsible for obtaining the assessment task notification from their teacher if they are absent on the day that notifications are issue. Extensions will not be granted based on the task not being received (see *Responsibilities of the Student*).

Maintaining Honesty and Integrity

Honesty is Key for all Students and Staff

All HSC candidates, their teachers and others who guide them must comply with *NESA's Honesty in Assessment Standards* to maintain the integrity of the HSC. Students should also read their course syllabuses and related NESA policies, such as those on malpractice and completion of a course, on <u>NESA's website</u>. Students must be entirely honest when completing all assessment tasks, examinations and submitted works. Students will be marked only on the quality and originality of the work they have produced.

Always Acknowledge Your Sources

Students must acknowledge any part of their work that was written, created or developed by someone else, in line with the NESA documents for each course. This includes any material from other sources like books, journals, electronic resources and the internet. Students do not need to formally acknowledge material that they learned from their teacher in class

HSC: All My Own Work

<u>HSC: All My Own Work</u> is a program designed to help HSC students follow the principles and practices of good scholarship. This includes understanding, valuing and using ethical practices when locating and using information as part of their HSC studies. Students who have completed the program will also know about penalties for cheating and how to avoid malpractice when preparing their work for assessment. To be eligible for the HSC, students must complete HSC: All My Own Work (or its equivalent) before they

submit any work for Year 11 or HSC (Year 12) courses, unless they are only entered for *Year 11 and Year 12 Life Skills courses*.

Malpractice

Malpractice is dishonest behaviour by a student that gives them an unfair advantage over others. It includes, but is not limited to:

- copying part or all of someone else's work and presenting it as their own.
- using material directly from books, journals, CDs or the internet without giving its source.
- building on someone else's ideas without giving their source.
- buying, stealing or borrowing someone else's work and presenting it as their own.
- submitting work that someone else, like a parent, coach or subject expert, substantially contributed to.
- using someone else's words, ideas, designs or work in projects and performance tasks without giving their source.
- paying someone to write or prepare material.
- breaching school exam rules.
- cheating in an HSC exam.
- using non-approved aids in an assessment task.
- giving false reasons for not handing in work by the due date.
- helping another student to engage in malpractice.

Where the teacher responsible for a task has reason to suspect malpractice, this will be brought to the attention of the relevant Faculty Head Teacher, and notified immediately to the Deputy Principal. The Deputy Principal will establish a committee to review any cases of suspected malpractice and determine the appropriate action should malpractice be proven. Should the student wish to appeal this decision, they must submit this in writing to the Deputy Principal within five days of the decision being taken (see Procedures for an Assessment Appeal Application, and Assessment Task Appeal Application Form <a href="https://kingsgrovn-h.schools.nsw.gov.au/content/dam/doe/sws/schools/kingsgrovn-h.schools.nsw.gov.au/content/dam/doe/sws/schools/kingsgrovn-h.schools/kingsgrovn-h.schools/kingsgrovn-h.sch

<u>h/downloads/2023/Assessment_Appeal_Application_Form.pdf</u>). Malpractice in school-based assessment is a serious offence. If malpractice is proven, a **zero mark** may be awarded. In cases of proven malpractice in HSC assessment tasks, all schools are required to register this information with NESA.

Unfair Advantage in Assessment

NESA outlines that no student is to gain an unfair advantage over other students, whether that be on the day of, or in the days prior, to an assessment task. Causes of unfair advantage include:

- for a student to absent themselves from any lessons or normal school routine on a day that an
 assessment task is scheduled or a hand-in task is due.
- for a student to absent themselves from **any** lessons within **one day prior** to a scheduled assessment task without a doctor's certificate.
- arriving late to school on the day of a scheduled assessment task or hand-in task.

If it is deemed that a student has gained an unfair advantage, a **zero mark** may be awarded. Should the student wish to appeal this decision, they must submit this in writing to the Deputy Principal within **five school days** of the decision being taken using the Assessment Appeal Request Review Form which can be found on the school website:

https://kingsgrovn-h.schools.nsw.gov.au/content/dam/doe/sws/schools/k/kingsgrovn-h/downloads/2023/Assessment_Appeal_Application_Form.pdf.

Submissions of Assessment Tasks

The Year 11 Assessment Handbook shows the general timing of assessment tasks in regards to the school term and week. Precise submission dates and times for a hand-in task will be clearly specified on the assessment notification for that particular task. Teachers will provide students with an acknowledgement of the task being received. Dates and times for examinations will be provided on the examination timetable.

Failure to submit a task on time will result in a **zero mark** being awarded. If a student is absent on the day an assessment task is due, they may apply for illness/misadventure by following the procedures outlined in this handbook.

It is the student's responsibility to check the submission method detailed on the assessment notification, as this may vary due to the nature of the assessment task, such as fieldwork, excursions, pieces of major work and in-school tasks, as well as whether or not electronic submissions will be accepted, preferred or stated.

Students must submit the Assessment Task Notification Cover Sheet for all hand-in assessment tasks unless otherwise stated in the assessment task notification. In doing so, students make a pledge of honesty to uphold the integrity of assessment.

Examination Periods

A formal written examination is often in the same format as an HSC examination and typically draws from most or all content areas, topics or modules. An examination period is a dedicated time in which all examinations will be held for applicable courses. In Year 11 and Year 12, normal lessons will be suspended and students will only be required at school when their specific examinations are scheduled.

Examination Procedures and Rules

- 1. Students will be provided with an examination timetable that clearly specifies the date and time of all examinations. During the examination period, there will be no normal lessons. Students are not required to be at school when they do not have an examination scheduled. Normal lessons resume at the end of the examination period. If a student has two examinations scheduled on the same day, they are not permitted to leave school between these two exams. Note: afternoon examinations may finish after 3:00pm.
- 2. Students must read the examination timetable carefully and be prepared to attend exams at the times and venues that the school arranges. The responsibility for checking the examination schedule for times and dates of examinations remains with the student. Students must arrive at the exam at <u>least 20 minutes early</u>. Concessions will not be made (such as extra time given) for students who arrive late for an examination or who miss an examination due to poor organisation.
- Students must sit for all exams in which they are entered, unless they have an illness or misadventure, in which case they must notify the school immediately and follow the appropriate procedures. Students must also wear the **full school uniform** for all examinations.
- 4. KNHS Year 11 Assessment Policy applies during the examination period. Students must meet requirements specified in the assessment policy about attendance during assessment tasks. This means that if a student is unable to attend an examination due to illness or misadventure, the school should be contacted before 8:30am. On the next available day (first day of recovery) of return to school, the students should present a medical certificate to the Deputy Principal as per the school assessment policy. Failure to notify the school of your inability to attend an examination due to illness or misadventure may put this examination and a student's HSC at risk.
- 5. Students who miss examinations due to misadventure or illness may be provided with an opportunity to re-sit missed examinations in the exam block. This will occur in the first available time slot on the examination timetable. It is essential that students report to the relevant Deputy Principal to allow for organisation of catch-up exams.
- 6. Students are to provide their **KNHS identification cards**. In addition, these I.D. cards must always be displayed on students' examination table. Students must also know their **NESA identification number** which can be found on the NESA Schools Online portal.
- 7. Students should bring the equipment they need and know what equipment is allowed for each exam. Α list of NESA found approved exam equipment can you at: https://educationstandards.nsw.edu.au/wps/portal/nesa/11-12/hsc/rules-and-processes/examequipment-list. Students are responsible for ensuring their equipment is in good working order because the school will not uphold misadventure applications for equipment failure. Students may not borrow equipment during exams. Exam staff may inspect equipment when a student enters the room, and will tell them where to place any unauthorised items. However, exam staff are not responsible for these items.

Permitted Items Prohibited Items Black pens Mobile phones Pencils, erasers and a sharpener Programmable watches, like smart watches A ruler Any electronic devices (except a calculator, if allowed), · Highlighter pens including communication devices, organisers, tablets, A clear bottle of water music players, earphones or electronic dictionaries · A non-programmable watch, which must be taken off, Paper or any printed or written material placed on your desk in clear view and not touched (including your exam timetable) during the exam Dictionaries (except in language exams, if allowed) Other equipment as specified in the exam notification, Correction fluid or correction tape. like a calculator Stationary to be placed in either a clear (transparent)

Examination Conditions

geometry set)

Exam conditions shall apply from when the first student enters the examination hall until the last student leaves the examination hall.

ON ENTERING THE EXAMINATION HALL AND DURING THE EXAMINATION

1. Candidates must enter the examination hall silently.

pencil case or a clear plastic sleeve (including the

- 2. Complete silence MUST be adhered to whilst candidates are in the examination hall.
- 3. Bags containing notes are to be left in an orderly fashion on either side of the examination hall.
- 4. Students must sit at the desk that shows their name and/or student number (alphabetical order) or as instructed by supervising staff. Students must complete a **Student Attendance Slip** as an official record at each examination for faculty records.

Name: Tania <u>Thomas</u> Seat#1 School ID: 123456789 Exam: 12Biology Signature:

- 5. Candidates MUST sit facing the front and are NOT to turn around or look at any other candidate's paper.
- 6. Candidates are NOT to communicate with any other candidates in any way.
- 7. Students must remain in the examination room for the duration of the examination. If students have to leave and want to return and resume the examination, they must be supervised while they are absent from the examination room. If students have completed the examination, they must remain seated and quiet. Any student who disrupts the examination may be at risk of receiving a '0' (zero) mark for their work.
- 8. <u>Candidates must remain for the entire duration for exams under 3 hours.</u> For <u>three-hour exams</u>, students are <u>not permitted to leave the exam in the first two hours or leave the exam in the last 20 minutes.</u>
- 9. Food and drink are NOT permitted in the exam hall.
- 10. Candidates MUST obey all reasonable instructions given by supervisors.
- 11. Borrowing is NOT permitted.
- 12. Candidates must NOT pick up their writing implements until reading time has ceased and writing time has started.

- 13. All enquiries are to be addressed by candidates raising their hand and waiting patiently.
- 14. Code of Conduct School Rules apply during ALL exams.
- 15. Read the instructions and all questions carefully. Exam supervisors cannot interpret or give instructions about exam questions.
- 16. Write your **student number** on all **writing booklets**, **question and answer booklets** and **answer sheets** (unless that information is already printed on them).
- 17. Write clearly with black pen (only use pencil if instructed to).
- 18. Write answers in the correct answer booklets. Tell the supervisor if you use the wrong booklet and write a note on the front of both booklets stating that you wrote an answer in the wrong place. Make sure you label and hand in all parts of your answers.
- 19. Answer in English, unless the question paper directs otherwise. If you do not write in English, you will receive zero marks for your answer.
- 20. Make a serious attempt at the exam by answering a range of question types. **Answering only multiple-choice questions is not considered a serious attempt.**
- 21. Stop writing immediately when the supervisor tells you to.
- 22. Follow the supervisor's instructions for arranging completed answers and wait for the supervisor to collect them.

ON <u>LEAVING</u> THE EXAMINATION HALL AND <u>AFTER</u> THE EXAMINATION

- 1. If your exam finishes while another exam is still in progress, classes will quietly depart the hall when dismissed by the supervising teachers.
- 2. Students must remain at school until all their examinations for the day are completed. They must then go directly home.

School Examination Rules

Students must follow the normal school rules, behaving politely and courteously towards the exam supervisors and other students. Specifically, students must not:

- a) Cheat
- b) Include frivolous or objectionable material.
- c) Take any prohibited items prohibited into the room.
- d) Speak to anyone other than a supervisor.
- e) Behave in any way likely to disturb another student or upset the exam's running.
- f) Be affected by alcohol or illegal drugs.
- g) Eat unless approved by NESA (for example, if you have diabetes).
- h) Take any writing booklets or exam paper, whether used or not, out of the room.
- i) Write on your body (for example your arms), tissues or material that is not exam material.
- j) Leave the room if your principal requires all students to stay until each exam ends.

Supervisors can ask you to leave the exam if you do not follow these rules. It may also result in **zero marks** being awarded. If your actions might be illegal, you may also be reported to the police.

School Leave Affecting Assessment Tasks

Leave from school **may** be granted by the Principal upon completion of a *Leave Application Form*, which details all course work to be completed whilst on leave and any assessment requirements.

Students are expected to be present at school to complete all tasks, submit all assessment tasks and sit all examinations set as part of the assessment program for a course at the specified time. Students and parents/caregivers should **NOT** assume leave will be granted, particularly in circumstances where family holidays, social engagements or other matters of a discretionary nature clash with school assessment tasks and HSC tasks.

The Department of Education's position in relation to student leave is stated in the <u>Student Attendance in Government Schools Procedures School Attendance Policy</u>, in which students are discouraged from taking leave during the school term. This policy has been developed by the Learning and Engagement Directorate in 2015:

- 14.1. From the beginning of 2015, family holidays and travel are no longer considered under the *Exemption from School Procedures*. Travel outside of the vacation period is now counted as an absence for statistical purposes.
- 14.3 A principal should not accept a reason for travel during school term if it is not in the best interests of the student. Educational, social and participation reasons should be specified on the application.

When Student Leave Clashes with an Assessment Task

All Year 11 and Year 12 assessments are conducted within the guidelines set by NESA. The NESA guidelines for Year 11 and Year 12 students make no provision for tasks missed due to leave. There are well-established protocols for illness and misadventure; however, requests for leave do not fall within these protocols. Students and families are expected to make arrangements to ensure that all requirements of the HSC can be fulfilled.

All assessments must be completed at the scheduled time, unless students are affected by illness or misadventure. Students absent from school due to leave must consult with the relevant **Faculty Head Teacher at least two weeks** prior to the scheduled task. Failure to consult within adequate time, and failure to comply with task submission requirements, may result in a **zero mark** being awarded.

All hand-in tasks due during the period of leave must be submitted prior to leave commencing or via Google Classroom.

Students Completing Work Placement

Students completing school, TAFE and/or other external placements are required to complete all school assessment tasks on the scheduled due dates. School assessments take priority and placements should be managed to avoid clashes with school assessments.

All hand-in tasks due during the period of work placement must be submitted prior to work placement commencing.

Students with a scheduled in-class task, such as an exam, presentation, or group-work task, may not be able to complete this prior to leave commencing. In this case, a **zero mark** may be awarded.

Absence due to School Business

The school will always endeavour to minimise clashes with assessment tasks and school organised activities. Students must also make every effort to avoid clashes with assessment tasks.

Absence due to Suspension

All assessments must be completed at the scheduled time, unless students are affected by illness or misadventure. Students absent from school due to suspension will **NOT** be entitled to apply for an extension or assessment reschedule. At the time of suspension, the Deputy Principal will notify the relevant Faculty Head Teachers of the student's suspension. The following procedures will then apply:

- 1. **Hand-in assessment tasks** the student is responsible for ensuring that all hand-in tasks received prior to the suspension being imposed which are due during the period of suspension are submitted on time, either by delivery to the school by a third party, or online, whichever is applicable.
- 2. **In-class assessment tasks** the relevant Faculty Head Teacher will reschedule an alternative date for the task, which will be communicated to the student and parent/carer via the Deputy Principal.
- 3. **Examinations** the Deputy Principal will arrange for the student to sit the examination at the scheduled time in an alternative school-based location, which will be communicated to the student, parent/caregiver and Faculty Head Teacher by Deputy Principal.

The consequences of not following these procedures may result in a zero mark being awarded.

Procedures for Applying for Illness/Misadventure

Consideration is given to students who suffer illness or misadventure at the time of a task. It is important to note that set procedures must be followed for this consideration to be applied in order to ensure fairness for all students.

Students need to be aware that if they commence or attempt an assessment task the result they achieve will be recorded. In this case, Illness/Misadventure therefore does not apply retrospectively.

Students wishing to apply for illness/misadventure should follow the relevant procedure specific to the situation as outlined below.

Procedures to follow in the event of:

1. Absence due to illness/misadventure on the day of an in-school assessment task

- The student or parent/caregiver **MUST** contact the school **by 9:00am** on the day the task is scheduled by either phone or email.
- Students must report to the **relevant Faculty Head Teacher** on the **first day of their return to school** and be prepared to complete the task on that day.
- Students must obtain an <u>Illness/Misadventure Application Form</u> and any other relevant documentation, such as a medical certificate.
- Completed forms and documentation must be returned to the **Faculty Head Teacher within five school days** of his/her return to school (i.e. no later than his/her third day back at school).

2. Absence due to illness/misadventure on the day a <u>hand-in assessment task</u> is due to be submitted

- The student or parent/caregiver **MUST** contact the school **by 9:00am** on the day the task is due by either phone or email.
- Students should make every attempt to have the task delivered in-person (e.g. by a third party) or submitted electronically (e.g. email or google classrooms).
- If a task is not submitted on the due date, the student must submit the task to the **relevant Faculty Head Teacher** on the **first day of their return to school**.
- Students must obtain an <u>Illness/Misadventure Application Form</u> and any other relevant documentation, such as a medical certificate.
- Completed forms and documentation must be returned to the **Faculty Head Teacher within five school days** of his/her return to school (i.e. no later than his/her third day back at school).

3. Illness/misadventure during an in-school assessment

- The student **MUST** notify the supervisor of the task of any circumstance related to illness or misadventure that would prohibit them from performing in the assessment **BEFORE** they view the task. At this stage, the student will need to decide to either:
 - a) sit the task, in which case the mark earned will be awarded and the student **cannot apply retrospectively** for any special consideration due to illness or misadventure; or,
 - b) leave the task and apply for illness or misadventure by immediately obtaining an <u>Illness/Misadventure Application Form</u> and a medical certificate (if applicable) and following the Illness/Misadventure procedure.
- If the task has already commenced, the student must notify the task supervisor of the task of the circumstance related to illness or misadventure and the mark earned to that point shall be awarded. Students may submit an appeal should they feel their mark was negatively affected.

4. Illness/misadventure on a day during an examination period

- The student or parent/caregiver **MUST** contact the school **up until 30 minutes prior** to the commencement of the scheduled examination by either phone or email.
- **Prior to their return to school**, the student must contact the **Deputy Principal** to organise a rescheduling of the affected examination(s).
- On the day of a rescheduled examination, the student must report to the **Deputy Principal** at a time determined previously by the Head Teacher.
- Students must obtain an <u>Illness/Misadventure Application Form</u> and any other relevant documentation, such as a medical certificate.
- Completed forms and documentation must be returned to the **Deputy Principal within five school days** of his/her return to school (i.e. no later than his/her third day back at school).

5. Illness/misadventure for a group performance

- The individual student or parent/caregiver concerned (i.e. **NOT** another student member of the group) **MUST** contact on the day the task is scheduled by either phone or email.
- When a group performance cannot go ahead on a scheduled date, **ALL** students affected need to complete an *Illness/Misadventure Application Form*.
- These forms (and a medical certificate if applicable for the student concerned) need to be returned to the relevant Faculty Head Teacher within five school days of the scheduled date.
- The relevant Faculty Head Teacher will reschedule an alternative date for the performance.

In all cases where a task needs to be completed, the student (or all students in the case of a group performance) must:

- Be prepared to **complete the task on the first day of their return to school** unless an alternative arrangement has been made with the relevant Head Teacher.
- Complete an <u>Illness/Misadventure Application Form</u> and any other relevant documentation and return to the relevant Head Teacher **within five school days** of the student's return to school.

Relevant written evidence from a medical practitioner is **mandatory** for any application relating to illness for the application to be considered by the relevant Head Teacher. It is the student's responsibility to obtain a medical certificate from the medical practitioner and submit it to the school with the <u>Illness/Misadventure</u> <u>Application Form</u>.

The <u>Illness/Misadventure Application Form</u> is available online on the <u>school's website</u>, at the school office and from the Deputy Principal.

The consequences of not following these procedures may result in the application for Illness/Misadventure being rejected and a **zero mark** being awarded.

If the application is not accepted, a **zero mark** will be awarded for that task. Should the student wish to appeal this decision, they must submit this in writing to the Deputy Principal (see *Procedures for an Assessment Appeal Application*, and *Assessment Task Appeal Application Form https://kingsgrovn-h.schools.nsw.gov.au/content/dam/doe/sws/schools/k/kingsgrovn-h/downloads/2023/Assessment Appeal Application Form.pdf*.

Outcome of Illness/Misadventure

The relevant Faculty Head Teacher will consider illness/misadventure cases specific to assessment tasks for courses within their faculty. They will judge the presented evidence and decide whether the application is to be accepted or rejected.

If the application is accepted, one of three things may occur:

- Original or substitute task is to be completed a zero will be recorded for the original task and the student will be required to complete the original task or a substitute task. Once completed, the mark gained for this task will replace the zero. If not competed, the zero mark remains.
- Awarded mark remains the student's performance in the assessment task may be considered unaffected. In this case, the student's original result in the task will remain as marked.
- **Maintain rank applied to task** in exceptional circumstances, where undertaking an alternative task is not possible, the Deputy Principal in consultation with the relevant Faculty Head Teacher, may determine that the student's relative assessment rank be maintained. This will be calculated at the end of the entire assessment period. This calculated mark would then replace the zero awarded at the time of the scheduled task.

If the application is rejected, then the **task must be submitted or attempted** in accordance with NESA rules and procedures and then one of two things may occur:

- Original task was submitted or attempted on time the original task will be marked and this earned mark will apply.
- Original task was submitted or attempted late the original task will be marked; however, a zero mark will be officially awarded.

In all cases, any student wishing to appeal this decision must do so in writing to the **Deputy Principal** (see *Procedures for an Assessment Appeal Application*, and *Assessment Task Appeal Application Form* https://kingsgrovn-h.schools.nsw.gov.au/content/dam/doe/sws/schools/k/kingsgrovn-h/downloads/2023/Assessment Appeal Application Form.pdf) within five school days of receiving the initial decision.

Procedures for an Assessment Appeal Application

All students have the right to appeal a decision made regarding an application for illness/ misadventure, malpractice, or an assessment task result. A student must submit an *Assessment Appeal Application Form* to the relevant Head Teacher, depending on the nature of the appeal.

In reviewing the determination of a student's appeal, the relevant Head Teacher will consider the following as applicable:

- The student's original Illness/Misadventure application
- Documentation submitted with the original application
- Any additional statement and/or documentation submitted with the student's appeal form
- All evidence presented which relates to the malpractice.

Students wishing to appeal a decision must follow the relevant procedure outlined below:

Reporting on Student Progress

Kingsgrove North High School provides written student progress reports in Semesters 1 and 2.

Achievement levels are recorded for each course outcome by a grade scale using word descriptors. The standard of achievement corresponding to each level of the grade scale is shown in the table below.

Level of Achievement	Grade	Descriptor
Outstanding Achievement	A	The student demonstrates extensive knowledge of content and understanding content concepts, and applies highly developed skills and processes in a wide variety of contexts. In addition, the student demonstrates creative and critical thinking skills using perceptive analysis and evaluation. The student effectively communicates complex ideas and information.
High Achievement	В	The student demonstrates thorough knowledge of content and understanding of course concepts, and applies well-developed skills and processes in a variety of contexts. In addition, the student demonstrates creative and critical thinking skills using analysis and evaluation. The student clearly communicates complex ideas and information.
Sound Achievement	С	The student demonstrates sound knowledge of content and understanding of course concepts, and applies skills and processes in a range of familiar contexts. In addition, the student demonstrates skills in selecting and integrating information and communicates relevant ideas in an appropriate manner.
Basic Achievement	D	The student demonstrates a basic knowledge of content and understanding of course concepts, and applies skills and processes in some familiar contexts. In addition, the student demonstrates skills in selecting and using information and communicates ideas in a descriptive manner.
Limited Achievement	E	The student demonstrates an elementary knowledge of content and understanding of course concepts, and applies some skills and processes with guidance. In addition, the student demonstrates elementary skills in recounting information and communicating ideas.

Teachers, students and parents/caregivers must be aware that achievement grades **do not correlate** to the <u>HSC performance bands</u> and therefore **cannot** be used to predict results in a student's <u>HSC Record</u> of Achievement.

Each Year 11 and HSC course report contains a course mark or grade and rank (if applicable) as well as a comment from the class teacher highlighting strengths and areas for improvement. Reports may also include information indicating student participation in other certain activities during the year.

Parent-Teacher interviews are scheduled before the end of Semester 1 for both Year 11 and Year 12. These evenings are held to allow parents/caregivers and teachers to discuss student progress. Parents may make an appointment to discuss their child's progress.

At other times during the year, parents/caregivers are encouraged to discuss their child's progress by contacting the relevant Class Teacher or Head Teacher for curriculum matters, or the Year Adviser for other issues, such as student wellbeing.

Assessment of Life Skills Outcomes in Stage 6

<u>Stage 6 Life Skills courses</u> provide options for students with special education needs who are unable to access regular course outcomes, particularly students with an intellectual disability. The Stage 6 Life Skills courses can be undertaken in combination with other Board Developed and/or Board Endorsed Courses to meet the requirements for the award of the Higher School Certificate. Stage 6 Life Skills courses have Board Developed status. Each Stage 6 Life Skills course comprises a 2-unit 120-hour Year 11 course and a 2-unit 120-hour HSC course.

Each student accessing a Life Skills course in Years 11-12 will be assessed on their achievement of the outcomes selected through the collaborative curriculum planning process. The syllabus outcomes and content form the basis of learning opportunities for students. Assessment should provide opportunities for students to demonstrate achievement in relation to the selected outcomes. Assessment can occur in a range of situations or environments such as the school and wider community. There is no requirement for formal assessment of Life Skills outcomes.

Students entered for Life Skills courses may achieve the designated outcomes independently or with support. An outcome should be considered as 'achieved independently' if there is evidence that a student can demonstrate the achievement of an outcome either: without adjustments, or with adjustments that enable the student to access course work and/or demonstrate achievement during assessment opportunities. These adjustments should have been determined through the collaborative curriculum planning process. Schools are not required to use the Common Grade Scale (A-E) for Year 11 courses or performance bands or equivalent to report achievement for students undertaking Life Skills courses.

Frequently Asked Questions

1. What must I do to have satisfactorily completed a course?

NESA expects students to have:

- a) followed the course developed or endorsed by the Board; and
- b) applied themselves with diligence and sustained effort to the set tasks and experiences provided in the course by the school; and
- c) achieved some or all of the course outcomes.

In simple terms, you must complete all assessment tasks, hand in class work on time and be present at school. If you continually hand in work late, truant, are absent without justification or your behaviour affects your studies or that of others, you will not satisfy the criteria of applying yourself "with diligence and sustained effort".

2. What do the terms internal and external assessment mean?

Internal assessment refers to assessment tasks designed and conducted by the school. External assessment refers to the HSC examinations, which are designed and conducted by NESA. In Year 12, internal assessment contributes 50% of your HSC mark and the HSC examination contributes the other 50% of your HSC mark.

3. What do the terms "examination", "in-class" and "hand-in" assessment task mean?

An "examination" is one that is held in an examination period under examination conditions and draws from most or all content areas, topics or modules of the syllabus. An "in-class assessment task" is one that requires you to be present at school in order to complete, such as topic tests, presentations, performances and submissions of major works. "Hand-in assessment tasks" are those that are completed at home and submitted by a designated due date and time.

4. How do I know when I have an assessment task?

The Year 11 HSC Assessment Handbook outlines the weeks in which tasks are due for ALL courses. You will receive an Assessment Task Notification for each task with a specific due date at least 2 weeks before the task is due.

5. What happens if I am not present when an assessment task is issued?

It is your responsibility to obtain the task from your teacher. Extensions will not be granted based on the task not being received.

6. Why may I be penalised for being absent the day before a task is due?

This may be perceived as unfair to other students, as it may allow you extra time to complete a task, a luxury other students do not have. If you have a valid reason for being absent, you may be asked to prove this by completing an Illness/Misadventure Form (and a medical certificate in the case of illness).

7. What happens if I have a valid reason for being unable to submit an assessment task on time?

You have to complete and submit a form to apply for the task to be rescheduled or for an extension of the due date.

8. What happens if I am absent the day a task is due?

Every effort must be made to submit the task on that day. If it is not submitted or attempted in the case of an examination or in-class task, then you must contact the school on the day by phone or email and apply for Illness/ Misadventure. In the case of illness, a medical certificate must be supplied by the medical practitioner.

9. What happens if I do not submit a task or sit an examination?

You will be awarded zero marks for that task and an N-warning letter will be issued as a supportive measure to ensure that you complete the task.

10. What happens if I do not make a serious attempt in an assessment task or examination?

You will be awarded zero marks for the task, an N-warning letter will be issued, and you will be required to re-attempt the task.

11. What does "non-serious attempt" mean?

This includes very poor attempts that contain an insufficient amount of work in which to assess a student's work, the use of derogatory remarks, obscene language and graffiti (e.g. drawing on an examination paper).

12. What happens if I have been found guilty of malpractice?

You will be awarded zero marks for the task, an N-warning letter will be issued, and you will be required to re-attempt the task.

13. What happens if my application for the rescheduling of a task or an extension to the due date of a task is rejected?

You will be required to submit the task by the due date.

14. What happens if my application for illness/misadventure is rejected?

If the task was submitted on time, you will be awarded the marks earned. If it was submitted late, you will be awarded zero marks. If it has not been attempted, you must attempt the task.

15. Can I appeal the decision of an application for reschedule, extension or illness/misadventure or if I have been found guilty of malpractice?

Yes. You will need to complete the Assessment Appeals Form and provide evidence that the Review Panel will consider.

https://kingsgrovn-h.schools.nsw.gov.au/content/dam/doe/sws/schools/k/kingsgrovn-h/downloads/2023/Assessment_Appeal_Application_Form.pdf

16. Can I appeal an assessment task result for an individual task?

Yes. You will need to complete the Assessment Appeals Form and provide evidence that the relevant Faculty Head Teacher will consider.

https://kingsgrovn-h.schools.nsw.gov.au/content/dam/doe/sws/schools/k/kingsgrovn-h/downloads/2023/Assessment_Appeal_Application_Form.pdf

Assessment Component	Type of Task	Mandatory Unit: Achieving through English CV, Cover letter and Interview.	Selected work from all modules Portfolio	Yearly Examination	
Knowledge and understanding of the course content	50%	10%	20%	20%	
Skills In: Comprehending Texts Communicating ideas Using language accurately, appropriately and effectively	50%	20%	10%	20%	
Outcomes		ES11-1, ES11-3, ES11-6, ES11-9	ES11-2, ES11-4, ES11-7, ES11-10	ES11-1, ES11-2, ES11-5, ES11-7, ES11-8,	
TOTAL	100%	30%	30%	40%	

OUTCOMES

ES11-1	Comprehends and responds to a range of texts, including short and extended texts, literary texts and texts from academic, community, workplace and social contexts for a variety of purposes	ES11-5	Develops knowledge, understanding and appreciation of how language is used, identifying specific language forms and features that convey meaning in texts
ES11-2	Identifies and uses strategies to comprehend written, spoken, visual, multimodal and digital texts that have been composed for different purposes and contexts	ES11-6 ES11-7	Uses appropriate strategies to compose texts for different modes, media, audiences, contexts and purposes Represents own ideas in critical, interpretive and imaginative texts
ES11-3	Gains skills in accessing, comprehending and using information to communicate in a variety of ways	ES11-8 ES11-9	Identifies and describes relationships between texts Identifies and explores ideas, values, points of view and attitudes
ES11-4	Composes a range of texts with increasing accuracy and clarity in different forms		expressed in texts, and considers ways in which texts may influence, engage and persuade
ES11-5	Develops knowledge, understanding and appreciation of how language is used, identifying specific language forms and features that convey meaning in texts	ES11-10	Monitors and reflects on aspects of their individual and collaborative processes in order to plan for future learning

OUTCOMES

MS11-1	Uses algebraic and graphical techniques to compare alternative solutions to contextual problems	MS11-6	Makes predictions about everyday situations based on simple mathematical models
MS11-2 MS11-3	Represents information in symbolic, graphical and tabular form Solves problems involving quantity measurement, including Accuracy	MS11-7	Develops and carries out simple statistical processes to answer questions posed
	and the choice of relevant units	MS11-8	Solves probability problems involving multistage events
MS11-4	Performs calculations in relation to two-dimensional figures	MS11-9	Uses appropriate technology to investigate, organise and interpret
MS11-5	Models relevant financial situations using appropriate tool		information in a range of contexts
		MS11-10	Justifies a response to a given problem using appropriate mathematical
			terminology and/or calculations

VET Course Information

Vocational Education and Training (VET)

The VET Curriculum frameworks are based on Industry training packages. The courses from these frameworks are NESA Developed and provided students study the 240 hour course and undertake optional written HSC examination, they may contribute to the ATAR. They are all Category B subjects

Assessment

Assessment for the Higher School Certificate VET Courses within Industry Curriculum Frameworks has two distinct purposes:

- 1. Assessment for Australian Qualification Framework (AQF) VET qualifications competency based assessment.
- 2. Assessment for the NESA Higher School Certificate that may include the optional HSC examination for the Australian Tertiary Admission Rate (ATAR).

AQF Certification

VET Courses are competency based. This means that students work to develop the competencies, skills and knowledge described in each Unit of Competency. To be assessed as competent a student must demonstrate to a qualified assessor that they can effectively carry out the various tasks and combinations of tasks listed to the standard required in the appropriate industry. There is no mark awarded in competency based assessment. Students are assessed as either "competent' or 'not yet competent' in individual Units of Competency. Competency based assessment determines the vocational qualification that a student will receive.

VET COURSES ARE ASSESSED AS A CLUSTER TASK OVER A PERIOD OF TIME.

NESA REQUIREMENTS

Students undertaking a VET course must meet the requirements of the NESA for the award of the Higher School Certificate along with the requirements of the AQF for the award of a certificate or statement of attainment.

The NESA has mandated work placement as a requirement of the HSC. Students must achieve the hours of work placement required for the course undertaken. They are required to complete a minimum of 35 hours of mandatory work placement for each 2 Units of a VET curriculum framework course studies. For a 240 hour course (2yrs x2units) this would equate to 70 hours work placement.

The rules and processes related to an 'N' award for a NESA Developed Course and a NESA Endorsed Course are applicable to students undertaking a VET course. More information can be found in the Assessment, Certification and Examination (ACE) manual.

http://www.boardofstudies.nsw.edu.au/manuals/acemanual.html

VET COURSE ASSESSMENT SCHEDULES

Preliminary 2023 – HSC 2024

Vocational Education and Training (VET) courses are offered as part of the Higher School Certificate (HSC) or Record of School Achievement (RoSA). VET courses are designed to deliver workplace-specific skills and knowledge and cover a wide range of careers and industries. VET courses for secondary students are developed by NSW Educational Standards Authority (NESA) and are based on national training packages.

VET courses allow students to gain both HSC or RoSA qualifications and a national qualification or a statement of attainment recognised throughout Australia as part of the Australian Qualification Framework (AQF). These qualifications are widely recognised by industry, employers, tertiary training providers and universities and will assist students to progress to various education and training sectors and employment.

Public Schools NSW, Ultimo is accredited as a Registered Training Organisation (RTO 90072) to deliver and assess VET qualifications to secondary school students.

It is mandatory for all students studying a VET course to create a Unique Student Identifier (USI) upon enrolment. Students will require a form of identification for the creation of the USI. Examples include a Medicare Card, Australian Birth Certificate, Driver's License or a valid Passport.

Competency-based training is based on performance standards that have been set by industry. Assessment in all VET courses is competency based. The student is assessed on what they can do (the skills) and what they know (the knowledge), these skills and knowledge will equip them in the workplace. Students are either deemed "competent" or "not yet competent" by the teacher. Students who have successfully achieved competency will have the skills and knowledge to complete workplace activities in a range of different situations and environments, to an industry standard of performance expected in the workplace.

Competency-based assessment materials are designed to ensure each learner has achieved all the outcomes (skills and knowledge) to the level expected in the qualification. Students in VET courses must be able to demonstrate competence regardless of disability. Students will receive documentation showing any competencies achieved for the VET course undertaken.

If the student has already completed part of the course elsewhere, or have previous life or work experience in the relevant industry, he/ she may be eligible for Recognition of Prior Learning (RPL) for part of the course, or for 35 Hours work placement in the HSC course. The student does not have to repeat the training or assessment but must produce evidence of competence (which may be demonstrated during a skills and knowledge assessment). The VET committee consisting of the VET teacher, VET Coordinator and a member of the senior executive will determine if the student is eligible. If a student has completed a unit of competency with another RTO and the student can supply evidence of the same or an equivalent competency, credit transfer is awarded (common examples include a white card course, first aid certificate or a barista course).

Board Developed VET courses (also known as Industry Curriculum Frameworks) are classified as Category B subjects and ONLY ONE can contribute to the calculation of the Australian Tertiary Admission Rank (ATAR). These courses have an optional HSC examination. Students wishing to include a VET course in the ATAR calculation must sit the HSC examination after they have completed a minimum of 4 Preliminary and/or HSC units.

Board Developed VET courses have specified workplace requirements and include 70 hours of industry specific mandatory work placement or simulated workplace hours as determined by NESA.

Stage 6 Board Endorsed VET Courses count towards the HSC or RoSA but do not have HSC examinations therefore do not count in the calculation of the ATAR. Board Endorsed VET Courses have mandatory or recommended industry specific work placement.

Due to the specific requirements of a VET course it is recommended students speak to the VET Coordinator or Careers Adviser before choosing the course to ensure they are fully aware of the requirements and the course is suitable for their individual needs, knowledge and skills.

NESA Outcome	NCVER Outcome	Explanation (source: AVETMISS Data Elements definitions, Edition 2.2 April 2013)
Achieved	Competency achieved / pass	Student has been assessed and satisfies all the requirements for the unit of competency
Not Achieved	Competency not achieved / fail	Student has attempted all requirements for the assessment and has been assessed as not competent in one or more of the requirements of the competency
Continuing	Continuing enrolment	The student has engaged in learning activity, but has not completed all the training and assessment criteria by the end of the collection period
Withdrawn	Withdrawn / discontinued	(a) The student has engaged in some learning activity, then notified the RTO of their withdrawal before completing all of the assessment criteria
Withurawn		(b) The student has engaged in some learning activity then stopped attending or submitting assessments without notifying the RTO
RPL	Recognition of Prior Learning Granted	The student has been assessed and RPL has been granted
Credit Transfer	Credit transfer / National Recognition	The student can supply evidence of the same or an equivalent competency, and credit transfer is awarded. This is used where there is no delivery of training or assessment of the student's knowledge.
Did Not Start	NIL	Student was enrolled in the unit of competency, but no training or assessment occurred. WILL NOT BE REPORTED OR APPEAR ON THE USI

THE REQUIREMENTS OF THE EDUCATION ACT 1990 IN RELATION TO THE NEW SOUTH WALES HIGHER SCHOOL CERTIFICATE

Higher School Certificate - section 95

Higher school Certificates are granted by the NESA to students who:

- a) Have been granted a school certificate, or who have attained such other qualifications as the NESA considers satisfactory; and
- b) Have attended a government school, or registered non-government school too which a current certificate of accreditation applies, or school outside New South Wales recognised by the NESA, or a TAFE establishment within the meaning of the *Technical and Further Education Commission Act* 1990; and
- c) Have participated, to the NESA's satisfaction, in courses of study which have been determined under this Act as appropriate to be undertaken by candidates for the Higher School Certificate; and
- d) Have been accepted by the NESA as having satisfactorily completed those courses of study; and
- e) Have, to the NESA's satisfaction, undertaken the requisite examinations or other forms of assessment; and
- f) Have complied with any requirements prescribed by the regulations or any requirements imposed by the Minister or the NESA.

The NESA may refuse to grant a Higher School Certificate to a student whose attendance or application at school has been of unsatisfactory character that the grant of the certificate would not, in the opinion of the NESA, be justified.

Curriculum for Higher School Certificate candidates – section 12

The curriculum during Year 11 and year 12 for students who are candidates for the Higher School Certificate must meet the following requirements:

- a) Courses of study of a general description determined by the Minister on the recommendation of the NESA are to be provided for each student in each Year,
- b) Those courses of study are to include a course of study in English
- c) Those courses of study are to comply with a pattern of study determined by the Minister on the recommendation of the NESA
- d) Those courses of study are to be taught in accordance with a syllabus developed or endorsed by the NESA and approved by the Minister.

A GLOSSARY OF KEY WORDS

Syllabus outcomes, objectives, performance bands and examination questions have key words that state what students are expected to be able to do. A glossary of key words has been developed to help provide a common language and consistent meaning in the Higher School Certificate documents.

Using the glossary will help teachers and students understand what is expected in responses to examinations and assessment tasks.

Account Account for: state reasons for, report on. Give an account of, narrate a series of events or transactions.

Analyse Identify components and the relationship between them; draw out and relate implications.

Apply Use, utilise, employ in a particular situation. **Appreciate** Make a judgement about the value of.

Assess Make a judgement of value, quality, outcomes, results or size.

Calculate Ascertain/determine from given facts, figures or information.

Clarify Make clear or plain.

ClassifyArrange or include in classes/categories.CompareShow how things are similar or different.ConstructMake; build; put together items or arguments.ContrastShow how things are different or opposite.

Critically Add a degree or level of accuracy depth, knowledge and understanding, (analyse/logic, questioning, reflection and quality to (analysis/evaluation) evaluate.

Deduce Draw conclusions.

Define State meaning and identify essential qualities.

Demonstrate Show by example.

Describe Provide characteristics and features.

Discuss Identify issues and provide points for and/or against.

Distinguish Recognise or note/indicate as being distinct or different from; to note differences between.

Evaluate Make a judgement based on criteria; determine the value of.

Examine Inquire into.

Explain Relate cause and effect; make the relationships between things evident; provide why and/or why.

Extract Choose relevant and/or appropriate details.

Extrapolate Infer from what is known.

Identify Recognise and name.

Interpret Draw meaning from.

Investigate Plan, inquire into and draw conclusions about.

Justify Support an argument or conclusion.

Outline Sketch in general terms; indicate the main features of.

Predict Suggest what may happen based on available information.

Propose Put forward (for example a point of view, idea, argument, suggestion) for consideration or action.

Recall Present remembered ideas, facts or experiences.

Recommend Provide reasons in favour. **Recount** Retell a series of events.

Summarise Express, concisely, the relevant details.

Synthesise Putting together various elements to make a whole.

^{*}Disclaimer - these are some of the terms
