RECORD OF SCHOOL ACHIEVEMENT (ROSA) - A GUIDE FOR YEAR 10

THE NSW Education Standards Authority (NESA) is responsible for setting the syllabuses in each subject area and determining the Record of School Achievement. This guide for Year 10s is based on the NESA Teaching and Educational Standards policy.

ELIGIBILITY FOR THE RECORD OF SCHOOL ACHIEVEMENT

To be eligible students must:

- (a) Have attended Kingsgrove North High School or other registered school recognised by the NESA
- (b) Have participated in courses of study to the satisfaction of the school and the NESA
- (c) Have been accepted by the NESA as having satisfactorily completed these courses of study
- (d) Have complied with all Year 10 Requirements (*as outlined in this Assessment Handbook*)
- (e) Have completed Year 10

WHAT ARE RECORD OF SCHOOL ACHIEVEMENT GRADES?

At the completion of Year 10, your RECORD OF SCHOOL ACHIEVEMENT will show grades for each of your courses. You will be awarded a grade A, B, C, D, E, or N in each subject:

MANDATORY COURSES: ENGLISH, MATHEMATICS, SCIENCE, HISTORY, GEOGRAPHY, PD/H/PE

AND

ELECTIVE COURSES (*also mentioned elsewhere as ADDITIONAL COURSES*)

The grades are based on the General Performance Descriptors and specific course performance descriptors for each subject area. The school will determine the grade that you receive. Your **grade** will depend on how well you perform in assessment tasks during the year.

OTHER COURSES

In addition to courses developed by the NESA, a number of individual schools have developed courses which have been endorsed by the NESA. Teachers refer to the set of General Performance Descriptors in determining the appropriate grade to award to students in these NESA Endorsed Courses.

There are also a number of General Experience Courses. These courses require one of two grades to be awarded and reported as part of the Record of School Achievement. The grades are:

S - satisfactory completion

N - unsatisfactory or non-completion

| GRADE | GENERAL PERFORMANCE DESCRIPTORS |
|-------------------------------|---|
| A | A grade indicating <i>excellent achievement</i> in the course. The student has an extensive knowledge and understanding of the course content and can readily apply this knowledge. In addition, the student has achieved a high level of competence in the processes and skills of the course and can apply these skills to new situations. |
| B | A grade indicating a <i>high level of achievement</i> in the course. Student has a thorough knowledge of and understanding of the course content and competence in the processes and skills of the course. In addition, the student is able to apply this knowledge and skills to most situations. |
| C | A grade indicating <i>substantial achievement</i> in the course. The student has demonstrated attainment of the main knowledge and skills of the subject and has achieved a sound level of competence in the process and skills of the course. |
| D | A grade indicating <i>satisfactory achievement</i> in the course. The student has demonstrated an acceptable level of knowledge and understanding of the course content and has achieved a basic level of competence in the processes and skills of the course. |
| E | A grade indicating <i>elementary achievement</i> in the course. The student has an elementary knowledge and understanding of the course content and has achieved limited competence in some of the processes and skills of the course. |
| N <i>Determination</i> | Where 'N' appears in place of an A to an E grade opposite a course, the student has failed to meet one or more of the following requirements: (a) followed the course developed by the NESAs, (b) applied themselves with diligence and sustained effort to the set tasks and experiences provided in the course by the school, (c) achieved some or all of the course outcomes. |

WHERE DO YOU GET INFORMATION ABOUT RECORD OF SCHOOL ACHIEVEMENT GRADING?

This booklet contains the Kingsgrove North High School Assessment Policy and information about the tasks used to determine grades in every subject.

Ask your Teacher or Head Teacher if you have questions about grading in a particular subject.

Ask your supervising Deputy Principal if you have questions about Year 10 grading in general.

School Assessment Policy

GENERAL INFORMATION

The Kingsgrove North High School Year 10 Assessment Policy is designed to standardise procedures between subject areas and to give students and teachers a clear statement of their rights and responsibilities.

It is the responsibility of the school to communicate the assessment requirements to the students.

It is the responsibility of the students to meet the requirements and to make every effort to resolve problems and/or disputes.

EXPECTATIONS OF STUDENTS

ATTENDANCE

Students must attend all classes to satisfactorily complete the Year 10 RoSA course. A minimum of 85% attendance is generally expected for students to achieve the outcomes of the courses being studied.

DILIGENCE

It is expected that students prepare for exams and make a serious attempt. Students must work with sustained effort and due diligence in all aspects of each course.

SYLLABUS REQUIREMENTS

It is expected that students complete the syllabus, including participation in class, practical work, oral presentations, homework, assignments, and exams.

SUSTAINED APPLICATION

Students must make a genuine attempt at **ALL** assessment tasks. Failure to complete less than 50% of assessment tasks may result in an 'N' Determination for that course. Students who do not comply with assessment requirements will not have a moderated assessment mark or an exam mark awarded (ACE Manual NESA website).

NOTIFICATION OF ASSESSMENT TASKS

A minimum of two (2) weeks' notice will be given to students of upcoming tasks as published in this handbook. Students who are absent from class on the day that an **Assessment Task Notification** is issued must see the teacher to receive the notification.

A written record of the student being issued the task will be kept in a central register within each faculty.

SUBMISSION OF ASSESSMENT TASKS

Students are expected to submit tasks by the due date with the Assessment Cover Sheet attached to the front of the task.

Upon submission of a task, **a student must sign** that they have submitted the task, and this is retained as proof of submission.

An assessment task **not submitted** on time will be given a **zero mark** along with an N Warning Notification.

The submission time of a take home assessment task will be **8:50am on the day** the task is due, unless otherwise specified. All in-class assessment tasks must be completed on the designated day. Students are to attend school and all timetabled lessons on the day the task is due. Failure to do so may result in a zero mark being awarded.

Acceptable reasons for the late submission or absence from an assessment task include illness, accident or misadventure. If a student cannot attend an exam or submit a task on time, that student needs to obtain documentation such as a medical certificate, a subpoena from a court or a death certificate. The documentation along with the Illness/Misadventure Form must be submitted to the Faculty Head Teacher immediately upon returning to school. The Head Teacher will determine if the reason is acceptable and will advise the student of the appropriate opportunities to re-sit or resubmit the assessment.

Technological issues, **work placement**, family holidays and other non-emergencies are not justifiable reasons for submitting an assessment task after the due date; or for being absent from an examination; and will result in a zero mark being awarded.

Students who are deemed to make a **non-serious attempt** at any assessment task will be **awarded zero**. This includes only completing one section of the examination or not making a genuine attempt to complete all sections of an assessment task.

When a student fails to submit an assessment task by the due date, an **official warning letter** will be sent home informing the student and parents of the missing task and the impact of non-completion of this task on the course completion.

Even though a student fails to submit an assessment task by the due date, that **task must still be submitted**. Failure to complete a task may be used as evidence that a student has not applied themselves with diligence and sustained effort and may have ramifications for course eligibility.

Year 10 students need to successfully satisfy all assessment requirements for all courses. Students who are presented with 2 or more official warning letters in any one subject will be deemed as 'causing concern' and may risk not achieving a RoSA and not progressing into the preliminary course.

If a student is concerned with the result following the marking of a task, then they have a right of appeal. An appeal must be lodged as soon as possible after the return of the task in writing to the Head Teacher of the appropriate KLA for review. Appeal forms can be found on the school website via the following link: [https://kingsgrovn-h.schools.nsw.gov.au/content/dam/doi/sws/schools/k/kingsgrovn-h/downloads/2023/Assessment Appeal Application Form.pdf](https://kingsgrovn-h.schools.nsw.gov.au/content/dam/doi/sws/schools/k/kingsgrovn-h/downloads/2023/Assessment%20Appeal%20Application%20Form.pdf)

All assessment tasks should be marked, and written feedback provided to the students within 3 weeks of the submission date.

PROCEDURES FOR STUDENTS WHEN ABSENT FROM TASKS

If a student is absent from school during the time an Assessment Task is to be done, the following procedures **must be followed-**

- 1.1 The student or a responsible adult **MUST** contact the school by telephone (9502 3933) or email, or make a personal representation at the school prior to the time designated for the start or receipt of the assessment task and notify the Head Teacher responsible for the course, of the student's inability to be present at that time.
- 1.2 **IMMEDIATELY** upon the student's first return to school, the student **MUST** present to the Head Teacher responsible for the course, documentation supporting the legitimacy of the absence.
- 1.3 In the case of illness, the documentation should be in the form of a **Medical Practitioner's Certificate** which states the exact nature of the illness and the fact that the illness caused the student to be unfit for the task completion. Medical Certificates should not be back dated.
- 1.4 In the event of unavoidable but necessary delay, appropriate and acceptable documentary evidence justifying the extenuating circumstances must be supplied.
- 1.5 In the case of immediate illness or misadventure at the time of performing any Assessment Task, it is the responsibility of the student to obtain and complete an Illness/ Misadventure Form from the Head Teacher or Deputy Principal, or from the school website https://kingsgrovn-h.schools.nsw.gov.au/content/dam/doi/sws/schools/k/kingsgrovn-h/downloads/illness_misadventure_form.pdf . Again, when necessary, these forms must be accompanied by appropriate and acceptable documentation.
- 1.6 Medical Certificates will be expected **IMMEDIATELY UPON THE STUDENT'S RETURN**. Other forms of documentation would be preferred immediately upon the student's return, but will be expected as soon as possible and within what is considered reasonable time. The medical certificate must be attached to the Illness/Misadventure Form which can be collected from either the Deputy Principal or the Head Teacher or from the school website at

https://kingsgrovn-h.schools.nsw.gov.au/content/dam/doi/sws/schools/k/kingsgrovn-h/downloads/illness_misadventure_form.pdf.

COMPLETION OF THE MISSED TASK

- 2.1 It is the responsibility of the student immediately upon their first return to school to contact the Head Teacher responsible for the task, in order to establish the time and location for the completion of the task requirements.
- 2.2 The student will complete any task or alternative task on the first appropriate occasion after returning to school. The time and location for the completion of the task will be determined by the Head Teacher responsible for the task. The student will then be responsible for attending at that time and location in order to complete task requirements.
- 2.3 The nature, the format or even the need for a replacement or additional task will be the prerogative of the Principal. This could result in the original task being replaced with an estimate as occurs with students who enter a course late.

MEDICAL CERTIFICATES

Medical certificates will be expected immediately upon the return of the student and attached to the **Illness/Misadventure Form**. The medical certificate must:

- Be written on a named Doctor's pad
- Include the date of the missed tasks
- Show the nature of the illness
- State that the student is **“unable to complete the RoSA/preliminary/HSC assessment Task”**. It is the student's responsibility to bring this to the attention of the medical practitioner, and
- Show the length of time the student will be unfit for school.

N AWARD WARNING LETTERS

NESA warning letters are issued to students and their parents/caregivers if students are in danger of not meeting the Course Completion Criteria in any course. The NESA requires the school to issue official warning letters in order to give the student the opportunity to redeem themselves.

A **minimum of two course specific warnings** must be issued prior to the final “N” (non-completion) determination being made for the course.

An assessment task not submitted on time will be given a zero mark along with an N Warning Notification.

THE ILLNESS/MISADVENTURE PROCESS DOES NOT COVER:

- Attending organised functions including work placement and sporting competitions, and does not constitute an excuse for missing or postponing an assessment task. If attendance at such events is deemed necessary, it is the responsibility of the student to inform the Head Teacher before the commencement of the assessment task and to arrange alternative processes in order to fulfil assessment requirements.
- Students who have an unauthorised absence (no valid explanation, no documents, etc.).
- Misreading the exam timetable and/or misreading of exam instructions.

IF THE ILLNESS/MISADVENTURE APPLICATION IS ACCEPTED:

The Head Teacher of that course will do one of the following:

- arrange for an extension of time for submission
- arrange for completion of the same task at a different time

- arrange for the completion of an alternative task
- arrange for an estimate (if authorised by the Principal).

IF THE ILLNESS/MISADVENTURE APPLICATION IS NOT ACCEPTED:

The student will be awarded a zero mark and a NESA warning letter will be sent home to advise the parents/carers.

Students may appeal against the Head Teacher's decision by lodging an appeal with the Principal within three (3) days of initial determination.

The principal may:

- Reject the appeal and order the zero to stand
- Grant a limited extension
- Order that a substitute task be performed
- Award an estimate.

PROCEDURES RELATING TO MALPRACTICE

All work presented in assessment tasks and external examinations (including submitted works and practical examinations) must be your own or must be acknowledged appropriately. Malpractice, including plagiarism, could lead to you receiving zero marks and will jeopardise your HSC results.

Malpractice is any activity that allows you to gain an unfair advantage over other students. It includes, but is not limited to:

- copying someone else's work in part or in whole, and presenting it as your own
- using material directly from books, journals, CDs or the internet without reference to the source
- building on the ideas of another person without reference to the source
- buying, stealing or borrowing another person's work and presenting it as your own
- submitting work to which another person, such as a parent, coach or subject expert, has contributed substantially
- using words, ideas, designs or the workmanship of others in practical and performance tasks without appropriate acknowledgement
- paying someone to write or prepare material
- breaching school examination rules
- using non-approved aids during an assessment task
- contriving false explanations to explain work not handed in by the due date
- assisting another student to engage in malpractice

Should an assessment task be corrupted through malpractice, the Principal may deem it necessary to organize a substitute assessment task to ensure equity and fairness.

Malpractice, including plagiarism, is cheating and a zero mark will be awarded. **It will not be tolerated at Kingsgrove North High School.**

STUDENT BEHAVIOUR DURING ASSESSMENT TASKS, INCLUDING EXAMS

During assessment tasks students must behave in a way that does not distract other students from their work during the task.

Disruption to the assessment task in any way will result in parents/guardians being informed of such attempts by letter.

A zero will be awarded if any of the following behaviours are witnessed during an assessment task including exams:

- Cheating in any way
- Communicating with another student
- Taking notes or electronic devices such as mobile phones into the room or
- Making a non-serious attempt.

TEACHER ABSENCE WHEN ASSESSMENT IS DUE

If the class teacher is absent on the day an assessment task is due for submission then the student must hand the task to the appropriate Head Teacher (or her/his representative if she/he or the class teacher is absent) and collect a receipt.

If a teacher is absent on the day for which an assessment task is set, the Head Teacher or her/ his representative will make every endeavour to ensure the task is given. If this is not possible the task will be postponed until a new date can be determined and set.

DISPUTES AND THEIR RESOLUTION

Disputes regarding assessments should be resolved as soon as possible and must be notified to the Head Teacher within one (1) week of the assessment result being announced. The process for resolution should be:

1. Contact the class teacher concerned
2. If no resolution, then contact the Head Teacher of the subject
3. If no resolution, then contact the Year Adviser
4. If no resolution, then escalate to the Assessment Review Panel (for a final decision)

Students may not dispute the type and nature of assessment tasks or the teacher's professional judgement relating to the allocation of marks for tasks.

Areas for potential dispute could be:

- Failing to notify that a task is assessable
- Not including a notified task in the assessment marks
- Student(s) gaining an unfair advantage as a result of cheating, prior knowledge or unauthorised time extension.

LATE ENTRY INTO COURSE – TRANSFER OR REPEATS

Students transferring from another school will begin their assessments upon arriving at this school. Any students involved in exchange programs will also commence their assessment upon their return.

Where a student repeats or transfers from another school during the assessment process, the following procedure will be used to calculate the student's assessment mark:

- Total the marks for all tasks completed from the student's arrival using the weightings in the Course Assessment Policy
- Find the new student's rank from this total

- Total the marks for the whole assessment program across the ROSA course excluding the new student, then rank the rest of the students on this total using the weightings as documented
- Assign the student a mark based on the rank calculated above.

REVIEW OF ASSESSMENTS

Students will be informed of their results for all tasks but must be aware that most tasks are not necessarily marked according to the mark value shown in the subject assessment summary information. For example, a task with an assessment schedule marks value of “10” could be marked out of “20” marks. Students should be concerned more with their ranking within the school’s subject group and the relative difference between their own and other students’ assessments rather than with numerical marks.

It is also possible to have an assessment reviewed if the student believes the school did not follow procedures similar to those indicated in the published Assessment Program for that subject, or where clerical errors in the determination of the assessment mark have occurred. Any review of an assessment must be resolved within three (3) weeks of the notification of the assessment result.

Reviews will NOT involve consideration of any teacher’s assessment of the value of a student’s work in any of the tasks on which assessment has been based.

THE REVIEW PANEL

The composition of the School Assessment Review Panel will be as follows:

- Principal
- The supervising Deputy Principal
- The Year Adviser
- Two (2) Head Teachers

Five (5) will be available with a minimum of only three (3) to meet and sit on any review.

A GLOSSARY OF KEY WORDS

Syllabus outcomes, objectives, performance bands and examination questions have key words that state what students are expected to be able to do. A glossary of key words has been developed to help provide a common language and consistent meaning in the Higher School Certificate documents.

Using the glossary will help teachers and students understand what is expected in responses to examinations and assessment tasks.

| | |
|--------------------|--|
| Account | Account for: state reasons for, report on. Give an account of, narrate a series of events or transactions. |
| Analyse | Identify components and the relationship between them; draw out and relate implications. |

Year 10 Personal Development, Health and Physical Education Guidelines for Students 2023

The following outline is to assist students with the procedures involved in PD/H/PE theory and practical classes.

Students and Parents are asked to read this information.

For **Practical Lessons**, students must bring to school to change into each lesson:

- School sport shirt
- school sports shorts or school tracksuit
- appropriate sports shoes
- Roll on deodorant.
- School Hat and sunscreen.

Please note: If the student is unable to bring their uniform, an alternate change of clothes (same colour) will be accepted with a signed note from parent/guardian.

Non – Participation

- Students will only be exempt from participating in practical lessons for medical reasons. A medical certificate must be presented prior to the lesson commencing.
- Where a student has long-term injury they will be given an estimate based on past performance. If this is not possible an alternative assessment may be given.

At times throughout the year it is necessary for the PDHPE teachers to use the facilities of Clemton Park and other local venues outside of the school grounds. Students walk a short way and will be escorted by their teachers. They will be closely monitored at all times.

Please note it is recommended that students do not bring valuables to school and in particular, to practical lessons. Students who wish to bring any valuables to school are solely responsible for them.
