Principal's Report

We are well and truly in the home stretch and the end of the term is not too far away. Year 12 have now completed their HSC and we eagerly wait for their results which will be available in mid-December.

I have recently returned from a business trip with the Department to Vietnam for our International Student intake and had the opportunity of promoting our school to both agents and at several exhibitions. During the trip I also managed to touch base with the Huong Ngo who is the Senior Business Development Manager at the Australian Embassy in Hanoi. She indicated that she would like to visit a school during her brief stay in Sydney and as a result I invited her to visit our school which she did on Friday 2 November.

She was accompanied by a delegation and in her brief time was able to visit most of the school and was impressed with what she saw, the students and what was being taught.

Several new shelters have been put up including the shelters on the oval that have been recently built by Padstow TAFE. The school now has plenty of shaded area for students especially with the warmer months that are now upon us.

The painting project that we commenced three years ago is almost complete and we have about 98% of the school both indoor and outdoor that has been cleaned and painted. Over the coming months several more projects are about to commence. I am waiting for final approval for the indoor soccer area to be developed on the old volleyball court which will complement the basketball courts.

In the library a senior study area is also about to commence with individual study booths and a large conference table for group work. Other projects include a senior study room in the PE faculty and a newly developed Mathematics IT room. The smaller kitchen is also in the planning stages of being renovated with new stainless-steel benchtops.

A memorial garden is also in the planning stages with a final design approved and work about to commence. This will be built next to the new shelter at the front of the school. Also, in the planning stage is the Chinese Garden which will be housed at the front of the school next to the new entrance.

Our students during this term have ventured out on several excursions from different faculties and on several occasions, I have received calls back praising our students and the way they have conducted themselves. Recent events include the Young Halogen Leaders conference where 50 of our students attended as well as the ABCN leadership and mentoring program and visits to various career market venues.

On Thursday, 8 November I attended the Lugarno Lions Youth of the year award. This year we had Lisa M. represent the school and she did a fantastic job of presenting her prepared speech on animal rights. The Head Teacher English Nicholas Kennedy also attended the evening to supported Lisa. I would like to congratulate Lisa for giving up her time to represent our school she was also given a special mentioned by the organisers during the final speeches

I look forward to the last few weeks of the term where we have a number of important whole school events, these include Orientation Day and Presentation Evening.

Angelo Stasos

Principal

Kingsgrove Public School Enrichment class 2019

Kingsgrove PS is now accepting enquiries and enrolment applications for the Enrichment class for students in Years 5 and 6 in 2019.

The Enrichment class will provide academic extension and challenge for motivated students as well as a range of extra-curricular activities.

Please phone 9150 9097 or visit the school website at

<https://kingsgrovep.schools.nsw.gov.au> for more information.

Ms B. d'Astoli, Principal, Kingsgrove PS

From Mr McKeown,

Term 4 is an important term at Kingsgrove North High School as we move into the final school term for the year. All faculty areas will be finalising assessment and students need to be preparing for tests and finishing final assignment and class-based activities in order to meet course requirements. Please support your child as they work through this time and complete final assessment activities.

Year 11 to Year 12:

Year 11 students are now studying their HSC courses. The assessment booklet for all courses has been distributed to students. It is important that students familiarise themselves with this document and complete all assessment tasks to the best of their ability and submit them on time. Students are also expected to maintain an acceptable level of attendance. Failure to comply with expectations may impact on their ability to successfully complete the HSC.

- **Change of subjects.**

Year 11 have completed their Preliminary Certificate and are now studying Higher School Certificate courses. Some students may choose to alter their program of study by carrying 10 units to the HSC or by undertaking an extension subject. Change of subjects form will be available from Ms Ellis

- **Study Periods**

Students who have dropped to 10 units will have study periods. Students with study periods are expected to be in the Library quietly undertaking study for their other HSC courses. If students have a study period one or five and wish to start late or leave early, they need to see Ms Ellis and complete a flexible leave form. Students without this form must attend for the full school day.

School uniform

As the weather warms up it is a timely reminder to parents of the need for all students to wear full school uniform. Some students have been wearing runners to school which is in breach of our uniform policy. School shoes need to be black leather shoes. This is a Departmental requirement due to WHS requirements for our school site. Please do not let your child wear incorrect footwear to school.

Sports uniform is to be worn on sports days only. On other school days when students have PDHPE, they are required to change at school into their sports uniform. **Tights are not school uniform and must not be worn** to or from school. If a student does a sport where tights are appropriate such as, they must change just prior to attending that specific sporting activity and change back into school uniform when leaving the sport. This is consistent with any other sport that has specific clothing and gear requirements.

Students who are out of uniform without a note, will receive a lunch time detention.

From the English Faculty

Both reading and writing are the bread and butter of English, that's why the KNHS English Faculty are organising a number of competitions to develop these vital skills.

Back by popular demand, Ms Pylotis will again organise 'The Write Stuff' English Writing competition. All students are encouraged to submit their carefully crafted poetry or prose creative pieces. This year submissions must be focused on the theme of "For the love of...". Great prizes are up for grabs for the winners as well as a Presentation Night Award. Entries close on December 5th.

Mrs Faros has also organised the Year 7 Super-Duper Reading Challenge. Year 7 students are encouraged to read every night and complete their blue card to record how many pages read. The Year 7 class with the most books read by Week 8 will be treated to a pizza party!

Please encourage your son or daughter to participate in these great competitions. Not only will they be sharpening important skills needed to excel in English, they will also be in the running for some great prizes!

Nicholas Kennedy
Head Teacher English

Year 7 Report

We are coming to the end of the year! I can't believe that Year 7 is almost done- this year has just flown so quickly!!!

For the last few weeks of 2018, I have a few reminders:-

The "Super Duper" Reading Challenge is coming to a close. Students should have their reading logs finalised with me by the end of Week 8 so that I can work out which class has won the competition. Also there will be a special prize on our Presentation Evening for the student who individually read the most novels over the course of the competition.

On Tuesday 4th December, Year 7 will be heading off to their end of year picnic day. Students must attend this excursion because there will not be any supervision at school on this day. All the school will be out on end of year excursions, so attendance is compulsory.

Angela Faros

KNHS TERM 4 SPORTS REPORT

This term has seen the summer season nearly come to an end with senior semi-finals upon us. Congratulations to the following senior teams who made the semi-finals:

1st Grade Boys Touch Football

The Junior Semis and Finals are yet to play, however with many of our junior teams doing very well there is a high likelihood of making it to the finals. So best of luck to those teams

2018 SWIM SCHOOL REPORT

From the 12th to the 16th of November, Year 7 has participated in an engaging and educational 'Learn to Swim' program run at Roselands Aquatic Centre. During this program, our students are provided with expert instruction on basic swimming skills, learning of all four strokes and technique/stroke correction for our advanced swimmers. Year 7 are also taught to apply First Aid in emergency situations through a comprehensive program run by our PDHPE staff. This involves our Year 7's learning how to manage dangerous situations, determine the severity of injuries, make quick calls for help and apply CPR when necessary. Overall, it is an enjoyable and inclusive program with our students learning skills essential to safety at the pool or beach this upcoming summer.

APPLY FOR AN ACTIVE KIDS VOUCHER

Attention Parents/Guardians:

The NSW Government is helping kids get active with the new Active Kids program.

Parents, guardians and carers can apply for a voucher valued up to \$100 per calendar year for each student enrolled in school.

The voucher may be used with a registered activity provider for registration, participation and membership costs for sport, fitness and active recreation activities.

The voucher can be used at any time during the calendar year it was issued.

To use the voucher, find a [registered activity provider](#) and present your voucher when you sign up.

The program runs year-round, so kids can get active at any time

Please access the following link to request a voucher

<https://my.service.nsw.gov.au/MyServiceNSW/ActiveKidsVoucherRequest>

PDHPE – FUN AND FACTS TERM 4

Year 10 PDHPE Excursion

On Tuesday the 28th of August, the PDHPE staff took the year 10 students to Homebush for the **bstreetsmart** performance and information day. For the last eight years, Westmead Hospital has held **bstreetsmart** (previously known as the Youth and Road Trauma Forum) This injury prevention program is open to students in years 10 to 12 in all government and non-government high schools in NSW and the ACT. The Forum was held at the Allphones Arena, Olympic Park Boulevard, Olympic Park. Nearly 16000 students from 160 high schools attended in 2017 and this year was no different.

bstreetsmart is held because our youth are being severely injured and killed due to potentially preventable road crashes. The NSW statistics for 2010 for 17-25 year olds, recorded 53,863 road traffic crashes of which 73 were fatalities and 14,915 were injured. These young people hold only 15% of licenses, but they are involved in 28% of crashes, which often result in hospitalization. Westmead Hospital's Trauma Service is committed to decreasing these numbers.

The Forum provides students who are most at risk, a realistic look at the trauma caused by road crashes and gives them information and strategies in an attempt to reduce serious injuries and deaths. The Forum's contents and structure aim's to treat young people as adults allowing them freedom to choose from a range of interactive exhibits.

The students all enjoyed the day and felt they have gained knowledge on how to be safer drivers and passengers. The stories they heard by victims of road trauma along with the performance will give students the skills to B-Street Smart when they are drivers in society.

For more information visit the **bstreetsmart** website at:

<http://www.bstreetsmart.org/>

CAPA News

Technology and its supportive resources play an intricate role in the teaching foundations within the **CAPA** department, supporting our subjects including Visual Arts, Visual Design, Music, Photography and Digital Media.

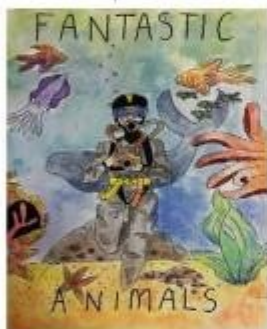

In both the elective and mandatory courses with Visual Arts, PDM, Music and Visual Design students are required to develop skills in both contemporary and traditional technologies in their designing and art making. The Visual Arts syllabus states that opportunities should be given to students to use a variety of technological resources, including computer software and hardware, printing

equipment to create artworks in a variety of art forms. At Kingsgrove North High School, we have been lucky to develop several key technology specialty rooms around the school and CAPA are particularly proud of our newly developed STEAM Room, which houses our vinyl-cutting printer and dye sublimation printing press. This specialty room, alongside our laptops and computer lab

helps us provide the necessary experiences in technological learning.

This year CAPA's teaching focus has been on Technology and incorporating innovative contemporary practical practice in the classroom. At the beginning of term 4, we saw the Music and Visual Arts students completing their semester 2 assessment tasks. It has been wonderful to see the great work KNHS students have created during this semester.

As we are approaching the end of term 4, I encourage students in CAPA to continue to focus on their learning. I would also like to say a special thank you to all the CAPA teachers for their continual hard work and enthusiasm in ensuring all students are engaged and actively learning in their specialty subjects.

Sarah Noulas
Head Teacher CAPA

The 2018 school year has nearly come to an end and I would like to wish all our Year 12 students who sat for the HSC all the best of luck in their upcoming adventures. I would like to also thank our presiding HSC officer Mr Graham Allport and his team for doing a fabulous job ensuring that everything ran smoothly during the HSC, and looking after our students during this very stressful period. We look forward to working with Graham and his team again in 2019.

Year 10 students have recently completed their final formal assessment period. I am currently in the process of collecting and entering the final Year 10 grades due to NESA by Friday 23rd of November 2018.

Finally, I have also officially enrolled all our 2019 Year 12 cohort on NESA's schools online and making any necessary adjustments to subjects dropped or picked up by students in that year group. I advise all students from Years 10, 11 and 12 to regularly log in and check their NESA portal for updates and ensure that all their details are correct.

If there are any student inquiries regarding NESA, I am located in the HT Administration Office located between the Maths and Home Economics Faculties.

Miss Dimitra Tsiotsioras
Head Teacher Administration

Year 12 Adviser Report

It has been a very eventful start to the term. Year 11 have officially transitioned into Year 12 and have started their HSC courses. Just a reminder to all year 12 students make sure you are up to date with all homework and assessment tasks. Students can attend the Homework Centre on Thursday afternoons in the Library for additional academic help.

Year 12 jackets have been distributed and they look fantastic.

On a final note, this will be my last Year Adviser report as I will be going on maternity leave. Ms Saad will be replacing me as Year Adviser. It has been an absolute pleasure getting to know you all and I will be attending your graduation ceremony and dinner next year. I wish you all the very best in your final schooling year and HSC.

Regards
Ms Kallitsis

Social Science Faculty News

Business Studies students recently participated in the Economics and Business Studies Educators, **Plan Your Own Enterprise Competition**. The competition allowed students to submit their own business plans. It required them to demonstrate strong entrepreneurial skills, including sound financial skills and a creative flair for problem solving. The judging panel was very impressed with the high standard of entries this year.

Students also submitted entries to the University of Newcastle Business Plan Challenge. The following students received Certificates of Outstanding Achievement or Certificates of Merit.

Outstanding Achievement

Danish K.

Merit

Bhumika B.
Kaleem H.
Abigail J.
Maree T.
Jorja Z.

Congratulations on a fine effort and well done to Ms Pappas, Ms Habashy and Ms Papadopoulos for their guidance.

Mrs D. Tsitsos

Careers News

Western Sydney University - U Day

On Wednesday 7th November, Year 10 students went on an excursion to Western Sydney University (Parramatta Campus) - to participate in the University's U Day. The day provided our students the opportunity to speak with students and academic staff through interactive workshops, allowing students to pursue their future aspirations.

My Career Rules

My Career Rules program is a program for schools across Australia to learn about jobs and careers that are out there. The program involves video conferences for schools across the country which last about 45 minutes each and 10 schools dial in each week to watch a panel of three people talk about their careers.

On Thursday 8th November, students from Year 7 and 8 who are participating in the My Career Rules program at KNHS, went on an excursion to the Powerhouse Museums' live studio. Our students experienced being interviewers for the panel and also experienced being in a live audience. They got to see all the work that goes into live programs and got to learn about three different careers. It was a fun day out!

SRC NEWS

SRC representatives have been busy this term working hard to raise money, be positive role models and make a difference within the school and wider local community. During week 2 of this term, SRC students were selling Bandannas in support of National Bandanna Day held by Canteen on Friday 26th October, this annual event raises money and awareness to support young Aussies and their families battling with cancer. SRC students spent their recess and lunch throughout week 2 selling bandannas to students and teachers. KNHS came together and successfully raised a large amount of money selling over 200 bandannas! A huge thank you to everyone for their support and donations and thank you to all the SRC representatives who gave up their recess and lunch to make a difference.

As well as, on Friday 2nd November KNHS Prefects and SRC students had the opportunity to attend the Halogen 'National Young Leaders Day' which gathers together prominent leaders from all walks of life to share their experiences and wisdom. The day was a success, with the Prefects and SRC students having the chance to engage and interact with thousands of students from other schools and speakers from multiple careers paths.

On Thursday 15th November selected SRC students were given the opportunity to attend the 'High School Transition Network Day' at Belmore South Public School. This event created opportunities for primary students in year 6 from local public schools within our community to come together

to interact and engage with peers who may be attending the same High Schools in 2019. KNHS SRC students were given the opportunity to speak to future students and share their experiences, responsibilities and their stories. This was a successful day with our SRC representatives making new friends and giving future High School students a warm and welcome look at a future at KNHS.

KNHS SRC representatives have made a strong and positive effect in many ways throughout this year, with raising funds for Biggest Morning Tea, Buy a Bale in support of our Farmers, National Bandanna Day and attending events that praise and support young leaders and representatives doing great things! We are very proud of the effort, time and commitment SRC students have put into all their events and experiences this year, and we look forward to the many more exciting upcoming events term and in 2019!

Regards,

Miss Karpathakis and Mrs Saad

From the Welfare Desk

Congratulations to all students with 100% attendance for Term 3. Congratulations also to the many students whose attendance has improved over the year. You have shown a commitment to your studies and the development of responsibility. Here is a table that shows how the days and minutes of absence can add up.

If a 2 days ABSENT a week doesn't seem much but...			
If your child attends...	That equals...	Which is...	And over 10 years of schooling that's...
1 day per fortnight	20 days per year	4 weeks per year	nearly 15 years
1 day per week	40 days per year	8 weeks per year	over 25 years
2 days per week	80 days per year	16 weeks per year	over 5 years
3 days per week	120 days per year	24 weeks per year	nearly 8 years

How about 10 minutes LATE a day? Surely that won't affect my child?			
How late is my missing child?	That equals...	Which is...	And over 10 years of schooling that's...
10 mins per day	60 mins per week	nearly 1 1/2 weeks per year	nearly 6 years
20 mins per day	1hr 40 mins per week	over 2 1/2 weeks per year	nearly 1 year
30 mins per day	1hr 45 mins per week	4 weeks per year	nearly 1 1/2 years
40 mins per day	2 hrs 40 mins per week	8 weeks per year	over 2 1/2 years

Every Day Counts

If you want your child to be successful at school then YES, attendance does matter!

December the 4th is Picnic Day. Year 7 will go to Mount Annan Botanic Garden, Year 8 will be on camp, Year 9 are going to Cables Water Park at Penrith and Year 10 will be canoeing at Audley in the Royal National Park. Please make payments and bring permission notes back before the 23rd of November to secure your child's place. Additional notes are available from Year Advisers.

National Minimum Standards Test

Our students will sit these tests the week beginning 26 November. Students sitting the tests will be given a personalised time-table. These tests can be taken next year and even after your child leaves school. Watch the video to learn more about the tests and their purpose.

What happens online?

Visit the [iParent site](#) to learn more about your child's online world

I would like to take this opportunity to thank Ms Kallitsis for her work with Year 11 over the last five years. She has worked tirelessly for them, and made them feel welcomed and part of our school. Good luck Ms Kallitsis as you embark upon the joyful, exhausting, exhilarating journey that is motherhood!

H. Conidaris.

History Department News

From the Model making Club

Joseph Macintosh has been a parent and volunteer for the school for eight years. He is a military historian and has been coordinating the Model-making club for all these years. Twelve boys in year 8 and one in year 9, are happily working on recreating historical battles of the air, sea and land. and are busy replicating in miniature, some of the famous exploits of the past. The Club boys enjoy the expertise of Mr Macintosh but also friendship and comraderie as they every Thursday afternoon after school, and have produced some interesting dioramas. They are currently working on a perpetual armies setup for display in the school and are painting tiny soldiers in action at the moment.

Remembrance Day 100 year Anniversary Events

The History Faculty were able to organise and run an incursion for Year 9 provided by the military historian, Paul Martin, and his assistants. This was a hands-on Exhibition of WWI memorabilia to coincide with the commemoration of the 100 year anniversary of the end of WWI. Students were entertained with stories of WWI experiences, explanations of the artefacts and the opportunity to try on the equipment.

Some of the exhibits included posters of the HMAS Sydney sinking the Emden saga, an original dental kit from Gallipoli, extensive items from the Australian Light Horse and Beersheba campaign, the battles on the Western Front and memorabilia associated with John Monash

100 years since the end of World War One

On Friday, the 9th November, the school held an assembly to commemorate the 100th anniversary of Remembrance Day. Mr Mckeown led the ceremony, with Claudia Deacon, dressed in Royal Australian Navy cadet uniform, speaking about the reasons she has been a member of the cadets for the past two years. The student MC's were Claudette Sabbagh and David Pham, who did the readings and informed the students of how 'the guns fell silent on the Western Front' on the 11th November 1918. Ms Chegwidan read the famous poem, 'In Flanders Fields' explaining the origins, meanings and stories associated with the poem when it was written by the Canadian doctor, soldier-poet, John McCrae in 1915, after losing a friend at the battle of Ypres. He had noticed that blankets of red poppies were the first signs of life to appear on the devastated battlefields of the western front. The bright flowers were pushing through the newly dug graves. The red poppy was adopted as the international symbol of remembrance. The ceremony concluded with David reading the traditional Ode, followed by 'Lest We Forget' and the solo trumpet music of the Last Post and Reveille on the eleventh hour. The school students were respectful and full of reflection for the duration of the ceremony.

Newsletter November 2018

We are nearly at the end of the year, the HSC exams are completed, and Year 11 are starting their journey for the HSC. By now, all of our students have completed their Yearly exams and are awaiting their yearly results and reports. Year 11 will be having their first HSC assessment task at the end of this term and should be now looking at organising their notes, familiarising themselves with past HSC questions to be prepared.

Maths teachers are currently working on the updates of new Stage 6 courses for our senior students. In 2019, we will have new syllabi for all the Mathematics courses in Year 11, Extension 1 Mathematics, Mathematics Advanced and Standard 2 and 1. There is new content in all courses and major changes to the Mathematics Advanced where Data Analysis is now included, as well as Networks in the Standard courses for Year 12. New and exciting times ahead for both our teachers and students in 2019.

The Maths Faculty

Physics Blog

The new HSC Physics Syllabus for 2019 allows students to change the way students learn, connect and interact. These students were able to make and modify the construction of a catapult to demonstrate projectile motion in the classroom.

By developing key skills through problem solving, creativity and critical analysis while working in a team, students were able to demonstrate initiative while communicating as individual thinkers. Wow, what an exciting year ahead...

Mrs Varvaressos

Industrial Arts Report

Year 7-8

Students in Year 7 and 8 have begun a unit of work with Ms Miller using the Sphero SPRK+ robots. They are progressing very well and are learning fundamental skills in coding while also problem solving as they guide their Spheros through different maze designs.

Years 9-10

Students in Industrial Technology Timber are finishing up their woodwork projects they have been working all year on. Year 9 students have been working on wooden stools that are looking very nice. Year 10 students are all putting the finishing touches on their wall cabinets and have all done a great job. The year 10 graphics class has begun work on architectural design using the industry standard software called Revit and are progressing well with their house designs. Students studying iSTEM have also begun learning coding using the Sphero robots while also finishing up their sustainable house designs by making a 3D model using our new laser cutter.

Years 11-12

Our year 11 Industrial Technology Timber students have been busily working on their designs for their major projects. There are some very exciting designs and the possibility of some very good results in the 2019 HSC. Students studying VET Construction and VET Metals have all been busy participating in work placement and learning valuable skills on jobsites around the region.

Industrial Arts Funding Proposal

The extra \$5000 for our budget would go a long way in improving the faculty and getting staff and students ready for the future. The extra money would go towards new equipment for the new Tech Mandatory syllabus (raspberry pi, Arduino, ANKI overdrive kits). This would also be in conjunction with Home Ec, which Paul Smith and I have discussed. We would also be able to use the funding for professional development to assist in the implementation of the new syllabus.

Statements of Account - Online Payment Guide

Kingsgrove North High School will be sending student statements of account & fee reminders directly to parents via email using a system called School Bytes. These statements include a link to make secure payment online through the Westpac Parent Online Payment (POP) system (Visa & Mastercard credit/debit cards accepted).

To make an online payment for your child(ren)'s school fees, please follow the steps below:

1. You will receive an email from the school's email address (kingsgrove-n-h.school@det.nsw.edu.au) with the subject 'Student Statement of Account' or 'Student Fee Reminder'.

2. To make an online credit card payment, click the secure payment button in the email.

3. Once this button is clicked, you will be taken to a webpage on www.parentpayments.com.au. On this page, you will see a list of all currently outstanding school fees for your child. **By default, all fees are selected/ticked for payment.**

6. Once redirected to Westpac, you will see the following screen. Enter your credit card details into the appropriate text fields on this screen. Once completed, press the 'Proceed to Confirmation' button.

Make a Payment

Enter your payment details below. Fields marked with an asterisk (*) are mandatory.

Card Details

* Cardholder Name

* Credit Card Number 

* Expiry Date /

* Card Verification Number (CVN) [What is the CVN?](#)

IF YOU REALISE YOU HAVE MADE A MISTAKE IN SELECTING WHAT ITEMS YOU WISH TO PAY ON THE PREVIOUS PAYMENT PORTAL SCREEN, PLEASE CLICK THE 'Cancel Payment' BUTTON.

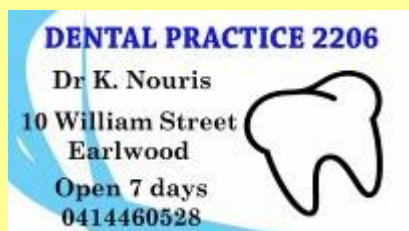

- You will then see a payment summary screen where you can confirm your details. When ready, press the button at the bottom of the page to confirm and make your online payment.

NOTE: To pay for another child in the family, return to the original email you received and click the payment button with the other child's name on it.

The payment button/link located within the email remains active for 12 months. This means that at any point within this time period you can use this link to see what fees are currently owing for your family.
